I. GENERAL INFORMATION

Welcome to the 2023-2024 school year!

The purpose of this handbook is to help students, parents, and families become familiar with the rules, regulations and procedures that govern Sebek School. It is important that students and families take time to become familiar with the policies and procedures adopted by the Sebek School District. It is also important to note that this document is updated and revised each year, so reviewing it is necessary for success both socially and academically this year and every year. If you have any questions regarding the information in this handbook, please feel free to call the school office to set up an appointment for clarification.

Go Trojans!

Dear Students and Staff:

Greetings and welcome back to school! A special welcome to our seventh graders as they embark on their high school journey. As we all begin to transition into the routine of academics, sports, and extracurricular activities, let's remember what it is to be a successful student at Sebek School.

Education provides the foundation for the paths we take in life. We are lucky enough to live in a society that values education and even luckier that we attend a school that is distinguished by its spirit, sense of community, and genuine ambition and curiosity of its students. Hard work, perseverance, and open-mindedness are all things we should aspire to; but we should also be caring, considerate, and unselfish. If we can keep all these things in mind, we will be successful.

On a lighter note, high school is a time when some of life's best memories are made. United in a common purpose, we can all celebrate this formative time in our lives with a little (responsible!) fun. A balance between application to schoolwork and sports and other activities and a sense of fun and humor is something that all of us should strive to achieve.

Here's to another successful school year!

Sincerely,
Student Body Leadership Team

EQUAL EDUCATION AND EMPLOYMENT OPPORTUNITY POLICY

The educational program of Sebeka Independent School District #820 has sought to provide equal educational opportunities for all.

Sebeka School District #820 in compliance with current state and federal statutes and regulations and in recognition of its obligation to provide equal opportunity for education and employment for all persons within its jurisdiction affirms that it will not discriminate on the basis of sex, race, color, religion, creed, national origin, status in regard to public assistance, marital status, parental status or disability in the following areas: access to course offerings, curricular materials, counseling practices, extracurricular activities, use of school facilities or employment practices.

This policy supports the District's good faith efforts to comply with Title IX of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972.

Inquiries regarding compliance with this policy may be directed to the Superintendent at Sebeka School District #820, 200 1st Street NW, P.O. Box 249, Sebeka, Minnesota 56477, telephone number (218) 837-5101 or to the Director of the Office for Civil Rights, Department of Health, Education and Welfare, Washington, D.C.

Any student who feels he/she has been discriminated on the basis of sex by the school district or its employee may file a formal complaint to the Principal. Forms for this complaint may be obtained in the District Office.

SEBEKA HIGH SCHOOL STUDENT ACCOUNTABILITY STATEMENT

All members of a community are responsible, or accountable, for his or her own part in that community. Sebeka Public School is a mini-community and we (students, faculty, administration, cooks, custodians, secretaries, and bus drivers) have the responsibility to make our community run smoothly and safely so that everyone's experience is positive. We are recognized for positive contributions and are held accountable for our negative actions.

There are 3 main categories in which we individually are accountable:

CITIZENSHIP – Conducting our behavior for the good of the group by:

1. Service to school and community. Honesty in dealing with other people.
2. Responsibility for maintaining the physical environment of the building.
3. Cooperation in formulating and achieving high standards.
4. Integrity in our class work and interpersonal relationships.

RESPECT – To hold in high regard:

1. Other people.
2. Other's property.
3. Self-worth and personal appearance.

PERFORMANCE – To function in a manner which:

1. Enhances high academic achievement:
 - Through assignment completion within given time periods. (Deadlines)
 - Doing your best at all times.
2. Promotes a safe environment for both physical well being and mental/emotional happiness.

These items are not all-inclusive but serve as a guide to building and maintaining a positive school experience for all.

PRIVATE DATA INFORMATION ACT

Schools are required by law to give out directory information defined as student's name, year in school, address and telephone number to organizations such as Colleges or the Armed Forces when requested by these organizations. Parents or students not wishing to have this information given out must turn in a note to the High School office stating they do not want this information given to any organization collecting directory information. Please include in the note the student's name, year of graduation and a signature of both the student and the parent.

The district considers the names and birthdates of students eligible for special education as directory information and will share the information with DHS (Minnesota Department of Human Services) to determine which students are currently enrolled in a Minnesota Health Care Program. If a parent/guardian does not wish directory information to be shared, you may opt-out by contacting the high school office.

NONDISCRIMINATION

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, of age in its programs and activities. The school board has designated Superintendent David Kerkvliet as the human rights officer to handle inquiries regarding nondiscrimination.

BACKGROUND CHECKS

All employees hired by the school district will have completed a criminal background check prior to working with students. Volunteers working and/or supervising students must also complete a background check.

PARENTS RIGHT TO KNOW

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following: 1) Whether the teacher has met qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; 2) Whether the teacher is teaching under emergency or another provisional licensing status through which state qualifications or licensing criteria have been waived; 3) The baccalaureate degree major of the teacher and any other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree; 4) Whether the student is provided

services by paraprofessionals and, if so, their qualifications. In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

According to [MN Statute 121A.30](#), school districts must notify parents of pesticides that are applied to schools. Subd. 2. **Pesticide application notification.** A school that plans to apply a pesticide which is a toxicity category I, II, or III pesticide product, as classified by the United States Environmental Protection Agency, or a restricted use pesticide, as designated under the Federal Insecticide, Fungicide, and Rodenticide Act, on school property, must provide a notice to parents and employees that it applies such pesticides. The notice required under subdivision 3 must:

- (1) provide that an estimated schedule of the pesticide applications is available for review or copying at the school offices where such pesticides are applied;
- (2) state that long-term health effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully understood;
- (3) inform parents that a parent may request to be notified by the school in the manner specified in subdivision 6 before any application of a pesticide listed in this subdivision.

Subd. 3. **Notice; timing; distribution.** The notice must be provided no later than September 15 of each school year during which pesticides listed in subdivision 2 are planned to be applied. The notice may be included with other notices provided by the school but must be separately identified and clearly visible to the reader.

SCHOOL WEBSITE

Our school's website, www.sebeka.k12.mn.us is a wealth of information for parents, students, and the community. It shares all of our important school calendars, our online grading system (Infinite Campus) and daily events. It links to our teachers' websites, important forms, our school's Facebook and Twitter pages, and shares the daily menus for breakfast and lunch. We pride ourselves on this resource and ask that our families, parents, and students utilize it as a first place to get clear, accurate information.

TEACHER WEBSITES

Sebeka teachers are asked to update their classroom website each week with important classroom information, assignments, lesson plans, etc. Please utilize this tool as a resource for questions related to class work and teacher expectations.

In order to access our teachers' websites, go to our school's website (www.sebeka.k12.mn.us) and click on the *High School* tab followed by *Assignments* **OR** look at the *Quick Links for Students* and click on [Teacher Websites High School](#).

SCHOOL CLOSING

When buses are not to be sent out or when students are sent home early, parents will be notified by our school's Instant Alert System, television (KCCO/KCCW and KSAX), radio (KWAD AM 920, KSCK FM 97.5), and social media outlets (Facebook and Twitter).

MORNING ARRIVAL TO SCHOOL

Parents and families dropping off students (or students driving to school in the morning) are encouraged to arrive as close to 8 o'clock as possible. Students may wait in the commons or in the cafeteria until the first 8 o'clock morning bell rings.

LEAVING DURING SCHOOL HOURS

- Once a student enters the building from the bus or after 8:00 am, they may not leave during school hours unless authorized by the Dean of Students or Principal.
- Personal business such as hair appointments, tanning appointments, haircuts, buying groceries, etc. are to be done before and after school hours.
- Students must check out through the office if they need to leave the building during the school day.
- Parents should contact the office to locate their child rather than messaging on the student's personal phone as this is a distraction to the learning process in the classroom.
- Parking on the north side of the building is reserved for staff. Students are encouraged to park in the south parking lot.
- Students are not allowed to sit or be inside of a parked vehicle for any reason during the school day. Office permission must be obtained to leave the building and go inside of a vehicle at any time during the school day - this includes the lunch period.
- Students given passes by teachers to run errands must come to the office and have the pass signed by the Dean of Students, Principal or office personnel. Students must sign out and sign in at the school office.
- Parental permission, by way of a phone call or note, will be required before a pupil may attend a funeral, wedding, mass, etc.

DISMISSAL DURING THE SCHOOL DAY

When picking up a student during school hours, please notify the school office (837-5101) as early as possible in the day.

We would ask that parents/guardians call into the office by 2:30 each day if there are changes for transportation. To ensure the safety of your child and to clearly communicate a change in plans, we would compel parents/guardians to call before 2:30 for any changes to end-of-the-day plans for your child. Thank you in advance for honoring this 2:30 time.

DRIVING OF A MOTOR VEHICLE TO SCHOOL

- Students may not drive or ride in vehicles during the school day unless authorized in writing by the Principal or Superintendent.
- As with other district-owned property, an inspection of the parking lot may be conducted by school authorities for any reason, at any time, without notice, without student consent, and without a search warrant. The personal possessions of students in the school parking lot will (i.e. the car itself, the trunk or bags in the car or trunk) be searched when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules.

CLOSED NOON HOUR

The lunch period is designed to allow a student enough time to eat and return to classes. Students are expected to stay in the building or on school property during the noon period. Students may earn the privilege to leave school for lunch during their junior and senior years.

SENIOR PRIVILEGES

Starting 2nd quarter, Seniors in good standing academically and behaviorally (Principal's discretion) will be issued Senior Passes. The Passes allow seniors to sign out of study hall or go downtown during lunch hour on the following conditions:

- Seniors must maintain a C or better in each class
- Students cannot be tardy for a class more than two times.
- No unexcused absences for any hour at any time.
- Students cannot have any suspensions or detentions throughout the school year.

Students must have a signed parent permission slip for privileges to begin. Students must present their Pass to the high school office and sign out before leaving the building. They must leave through the main office door. When returning, students must sign in to the high school office. Failure to follow these regulations will result in the loss of Senior Golden Pass privileges. Students leaving campus without privileges will be given detention or In-School Suspension.

Students are not permitted to use vehicles during the school day, including noon hour, without permission from the office. Once a student has become eligible, they will receive a permission slip that needs to be signed by a parent/guardian. The principal must have received written permission from a parent/guardian prior to approving driving on file in the Principal's office. Each day a student leaves for lunch, they must return before 5th hour. Failure to do so and the student will lose the privilege to leave during lunch. Permission to lengthen the lunch period or blanket permission slips will not be accepted.

JUNIOR PRIVILEGES

Starting 2nd semester, Juniors in good standing academically and behaviorally (Principal's discretion) will be issued Junior Passes. The Pass allows juniors to sign out during lunchtime to go downtown on the following conditions:

- If juniors have below a B- at midterm, they will lose their privileges until they have a B- or better in their class.
- Juniors must maintain a B- or better on all grades at quarter time. If you have a C+ or below at the quarter time, you will be ineligible for 2 weeks. If you are in good standing after that point, you may become eligible.
- Students cannot have an unexcused tardy for class more than two times in a quarter.
- No unexcused absences for any hour at any time.
- Students cannot have any suspensions or detentions throughout the school year.

Students must have a signed parent permission slip for privileges to begin. Students must present their Pass to the high school office and sign out before leaving the building. They must leave through the main office door. When returning, students must sign in to the high school office. Failure to follow these regulations will result in the loss of Junior Lunch Pass privileges. Students leaving campus without privileges will be given detention or In-School Suspension.

Students are not permitted to use vehicles during the school day, including noon hour, without permission from the office. Once a student has become eligible, they will receive a permission slip that needs to be signed by a parent/guardian. The principal must have received written permission from a parent/guardian prior to approving driving on file in the Principal's office. Each day a student leaves for lunch, they must return before 5th hour. Failure to do so and the student will lose the privilege to leave during lunch. Permission to lengthen the lunch period or blanket permission slips will not be accepted.

SCHOOL VISITORS

All visitors are required to register in the office and obtain a visitor pass. We encourage parental volunteers, and we welcome you to our school. No "outside" school student visitors will be admitted to any classes unless cleared by the Dean of Students or Principal's Office at least 24 hours in advance. Student visitors should present a note of acknowledgement from the Principal of their home school, or a phone call to this school may be made by our office. The following guidelines have been set concerning visitors to our school:

1. ALC students are not allowed to be visitors at Sebeka School.
2. Teachers have the right to exclude visitors from their class and send them to the office during their class period.
3. All visitors must be approved by the Dean of Students or Principal at least one day prior to the scheduled visiting time.
4. Visitors should not plan to attend Sebeka School when their home district is in session.
5. No visitors will be allowed the first two weeks or the last two weeks of school.
6. Full day visitations are discouraged.

LOCKERS AND LOCKS

Your locker, property of the school, is used to house your textbooks, school materials, and any coats or other outdoor garments. The school WILL NOT be responsible for money or other valuables that are left in lockers.

Students taking Physical Education are strongly urged to leave all valuables with their instructors when they dress for class. All personal items need to be in a locked locker during activities and throughout the school day. The locker room will be locked during periods of the day and should only be used for physical education class and after school activities and not as a locker to house course materials or other items that students might need throughout the day.

Your locker is subject to periodic inspection for cleanliness and may be entered by the Dean of Students or the Principal or his/her designee at any time it might be suspected of containing tobacco, nicotine, alcohol, narcotics, explosives or other items considered potentially harmful to other students or to the school building, or unlawfully obtained. The use of drug dogs may be used periodically to do locker and parking lot searches for illegal substances. All procedures will be governed by MSA 121A.72. The only items allowed to be taped, on the outside of your locker, are to be for school-related activities – **NO EXCEPTIONS**. Lockers will be inspected every winter and spring for damage. Students will be responsible for damage to their locker as determined by the administration.

No lock is to be placed on your locker unless there is a copy of the combination or key in the Principal's office. (Note: Unauthorized locks may have to be removed in such a manner as destroys the lock. In this event the school or its officials are not liable for the cost of that lock.)

Lockers will be assigned to students by the office or by teachers on the first day of school and are not to be switched unless under the direction of school administration. Lockers in the locker room are also assigned by coaches and the physical education instructor. A record of locker assignments is kept and shared with the administration each school year.

SURVEILLANCE CAMERAS

Sebeka School, for the purpose of safety for all, is equipped with surveillance cameras throughout the building and school grounds. Cameras are monitored by administrative staff. Cameras can and will be used for investigative purposes when necessary. Video footage is for school use only. It is not intended for public, parent/guardian use due to student and staff data privacy.

PLEDGE OF ALLEGIANCE

The school board recognizes the need to display an appropriate United States flag and to provide instruction to students in the proper etiquette, display, and respect for the flag. The purpose of the pledge of allegiance policy # 531, in the school's policy manual, is to provide for the recitation of the pledge of allegiance instruction daily to help further that end.

STUDENT DRESS CODE

The Sebeka School District recognizes the school as a place of learning where dress of employees and students should be attire-appropriate for a quality workplace. The Sebeka Public Schools encourage students to take pride in their attire at school. The dress and grooming of students become the concern of the school if it causes disruption of the educational program or is offensive or inappropriate to others. Students should dress in a manner that takes into consideration the educational environment, safety, health and welfare of others. A student whose outfit makes another student uncomfortable, by affecting their education, may be asked to change. The following guidelines apply to students during regular school hours.

The following dress items are prohibited:

- Clothing that includes words or pictures that are obscene, vulgar, sexually explicit, convey sexual innuendo, abuse, racist, sexist, discrimination, or which promote or advertise alcohol, chemicals, tobacco or any other product that is illegal for use by minors.
- Appropriate clothing will be worn for PE classes. Shirts that have been cut off to show a student's side or stomach, are not allowed.
- Accessories that can be used to harm self or others, such as safety pins or spiked collars.
- Clothing articles that cause undue school maintenance problems, such as metal shoe cleats or work boots that cause excessive floor-marking, or trousers or overalls with metal rivets and/or chains, buttons, or buckles that scratch furniture should be avoided.
- Students will wear shoes in school at all times unless instructed to the contrary by a teacher for a specific reason.
- Students are not allowed to wear caps/headgear during the school day. Hats will be removed upon arrival to the locker and before arriving at breakfast, placed in the student's lockers, and may be put on when leaving the building after the school day. Hats and other headgear can and will be confiscated by staff members, taken to

the office, and returned at the end of the day. An exception would be pre-approved designated days as requested by the Student Council or other fundraising efforts pre-approved for class trips, etc. Hoodies may be worn in the hallway and lunchroom. Individual teachers can determine if they will allow hoodies in their classrooms. If a student wears a hoodie, it must allow the face and ears to be visible from the front and sides and must not interfere with the line of sight to any student or staff including while the student wearing the hoodie is seated. Exceptions may also be made for religious, cultural, and medical reasons.

Consequences for Wearing Inappropriate Clothing:

- 1st Offense - Record of Offense, T-shirt to cover, Collection of accessories
- 2nd Offense - Record of offense, Call home, T-shirt to cover or sent home
- 3rd Offense - Record of Offense, Call home, Detention as assigned, T-shirt to cover or sent home

After the third offense within one semester, the student behavior will be considered as insubordination.

Due to persons with allergies and other respiratory problems, perfumes, colognes, cosmetics, and other aromatic products must not be misused.

When situations arise that are not specifically covered in this policy, the building administrator(s) will interpret the situation in light of the spirit and/or intent of this policy. If there is a disagreement regarding the appropriateness of a student's personal appearance, a meeting will be held with the student, parent/guardian, administration, and counselor.

PUBLIC DISPLAYS OF AFFECTION

Public displays of affection tend to make staff and students uncomfortable. Hugs and hand-holding will be allowed while kisses and groping are not allowed. Students who do not comply may be given detention and have a phone call made home to parents sharing the school's policy on PDAs.

STUDY HALL RULES

In special circumstances, students are assigned to a study hall, where they are to be working on assignments. These rules apply to all students in a study hall:

- Attendance policies will be followed.
- Students are expected to sign into their study hall period daily. In order to leave, permission must be granted. Students will sign out and sign in upon their return.
- All students are to be seated when the class is scheduled to begin and will remain quiet until attendance is completed.
- Teachers/Supervisors of study hall periods will work closely and monitor the progress of students whose name appears on the restricted/behind in their work list. The priority of work for students is to focus on the course/courses in which they are behind.
- As a matter of common courtesy, it is essential that everyone work as quietly as possible.
- If you wish to sign out from the study hall to see another teacher, it will be necessary to get a pass from that teacher in advance. Go directly to and from the place signed out to without stopping in the restroom or at your locker, etc.
- Unless arrangements have been made to the contrary, students are to check back in to study hall before the end of the period. Failure to check back in will result in the loss of sign-out privileges for one week.
- Unless it is an emergency, the teacher has the right to keep the student in the room for any academic or behavioral reason.
- No games are to be played during study hall (this includes on the computers).
- No food or pop is to be consumed during study hall.

MEDIA CENTER RULES

- Maintain quiet so that it will permit everyone in the room to work undisturbed.
- Keep all books in their proper places; a book out of place is a lost book.
- Return books promptly; many others may be waiting for the book you have.
- Cutting or tearing pages from library books is an offense; it shows a lack of fair play and consideration.

- All books except “Reserve” books and certain reference books may be checked out for a period of two weeks with the privilege of one renewal for an additional two weeks if no one else is waiting for the book.
- If library materials become overdue, a reminder sheet of overdue materials is given to the teachers to share with the class. No fines are charged except for materials that are unduly damaged. If materials are lost, the original cost of the materials must be paid.
- Place all returned books in the return bin.

FIRE DRILL/ALICE DRILLS/TORNADO PROCEDURE

The state legislature placed into law that schools will conduct fire drills at least **five** times per year along with **five** ALICE Drills (lockdown drills) and **one** tornado drill. Take note of the Fire Drill and Tornado Drill instructions posted in each room. Every drill will be regarded as a serious matter. Always follow the instructions of teachers and staff members.

ADVISORY, ADVISORS, AND CLASS MEETINGS

Our school has a daily advisory program with the purpose of creating a culture of Trojan PRIDE in our school and building relationships through the junior high and high school years with both teaching staff and students. Each day students will work with different concepts such as motivation, grade checks, Drop Everything And Read, kindness, and social-emotional learning lessons.

ALCOHOL, TOBACCO & NARCOTICS

The School Board does not permit the use or possession of alcohol, tobacco or narcotics by students on school premises, at school activities or on school buses. Items containing tobacco (including e-cigarettes), alcohol, or narcotics are subject to confiscation by school authorities, and in the event of confiscation will be made available to the student’s parent(s) or guardian by appointment, or legal authorities if proper under the circumstances. No student shall possess, consume, use or show evidence of having consumed or used alcoholic beverages or drugs while in the school buildings, on the school grounds during the school day, or at a school activity, and no pupil shall possess or use tobacco (including e-cigarettes and vapes). The penalty for violation of this rule may lead to suspension. The use of drug dogs may be used periodically to do searches throughout the school building.

SOCIAL EVENTS / DANCES

All social activities should be sponsored for a specific purpose. All dances and events must be approved by the Student Council Advisor and Principal and must be properly chaperoned. Dances will not be held unless they are placed on the school calendar well in advance by the Principal or Activities Director. All dances held on a non-school night must end by 12:00 a.m. School activities during the school week such as play rehearsal must end by 10:00 p.m. or earlier. No activities may be held without proper supervision. All dances will be closed door. Once a person has entered, he/she may not leave and reenter. Sebek students are invited to attend these events when scheduled, but any guests must be registered in the school office before attending. A student is limited to one guest. The money will be collected at the door.

HOMECOMING

Homecoming is our biggest and most gala affair. It is celebrated in the last part of January. It is truly unique due to the large number of alumni that return. Homecoming gives the true meaning at Sebek of coming home for this special event.

The Student Council and Homecoming Committees co-sponsor this event. The Homecoming King and Queen are elected from the senior class by the high school. Three boys and three girls are elected from the senior class as candidates. The junior, sophomore and classes elect two boys and two girls from each class as attendants for the ceremony. There is a program, basketball games, crowning ceremony, and Homecoming dance.

PROM

Prom is a school event for junior and senior students who attend Sebek High School. Prom, Grand March, and Dance are formal events. No blue jeans will be allowed. Each student choosing to attend may invite one guest. If you are bringing a guest (anyone other than another junior or senior from Sebek School), you must pre-register that guest in the high school office. Guests must be at least freshmen and not older than age 20. School policies apply to all students and guests during prom.

Students are expected to stay in the building until the end of the dance. Once you leave, you will not be readmitted. Students who wish to go outside or to their vehicles during the dance must be escorted by a chaperone.

LIGHTS AND VENTILATION

Room temperature, lights, and ventilation are the responsibilities of the teachers, as is the regulation of shades.. Unless directed by a teacher, please leave these items alone.

CAFETERIA SERVICE

The goal of the Sebeka School District 820 Food Service Department is to provide nutritious meals to students to promote healthy eating habits and enhance learning. It is the policy of Sebeka Public School District 820 to offer breakfast and lunch to PreK-12th grade students that meet state and federal guidelines. These meals are planned and prepared by our qualified kitchen staff. Weekly menus are listed in the *Review Messenger* and on the school website <http://sebeka.k12.mn.us/> Students may choose white, chocolate, or 1% milk to drink (lactose-free milk is available to those with allergies). This option is also available to children who bring lunch from home.

Educational Benefits applications are mailed out before the school year starts. The forms should be returned before the first day of school so students will be assured of a free/reduced lunch. **This year, our legislature passed the Minnesota Free School Meals. Students will be able to receive one free breakfast and lunch per day that the student is in attendance.**

MEAL PAYMENT for “seconds” or *a la carte* items (grades 9-12)

Students who have a signed form on file and money in their account, will be allowed to purchase “seconds” or a la carte items. A student who does not have sufficient funds will not be allowed to charge for “seconds” or a la carte items.

NOTIFICATION OF ACCOUNT STATUS

1. Families can check their student’s meal account balance via Infinite Campus.
 - The Business Office will send a monthly statement of the account balance to all parents with low account balances advising them of the student meal account balance(s).
 - Families can contact the Business Office at 218-837-5101 ext. 121 for account balances.
2. The student/family will be notified via phone call when the account has a balance of \$10.00 or less.
 - An email reminder is sent to parents requesting a payment when student accounts do not have adequate funds.
 - A second request for payment is sent if parents have not responded to the first request.
 - A letter/invoice is sent via US Post to the household requesting payment.
 - NSF checks will follow the district “bad check” policy as posted in the Business Office

COLLECTION OF UNPAID MEAL DEBT

All students requesting a first meal will always be served a meal regardless of unpaid food service accounts. When a student has “cash in hand” to pay for “seconds” or a la carte items, the student will be served those regardless of a zero balance.

If the negative student meal balance reaches \$30.00 or more, the following collection actions will be taken:

- The Business Office will contact the household to request payment.
- The Business Office will contact the Principal if no payment is received. The Principal will contact the parent/guardian to determine an appropriate solution.
- The Principal or their designee will contact the family and review with them their responsibility to provide meals for their student.
- The expectation is all fees owed to the District will be paid in full on the last day the student will be attending classes.

In general, well-mannered conduct should guide the student’s behavior at all times in the cafeteria. Listed below are some rules and the cafeteria procedure which will help ensure appropriate conduct and an orderly lunch period.

STUDENT BEHAVIOR in the CAFETERIA

1. Students should **not** run to the lunch line. If they do, they may be sent to the back of the line.

2. If students talk in the lunch line, it is to be done quietly, showing respect and politeness to all, including the cafeteria staff and volunteers.
3. Students must be patient while waiting to be served. A single file line must be maintained.
4. No food may be brought back through the food service line once it has been purchased, and students are not allowed to come back into the line to pick up any other item once they have purchased their meal. If they do so, they will be charged for the item
5. Students must be seated at a table when eating.
6. Students should refrain from shouting across tables.
7. Students must remove trash from tables, chairs and the floor, and wipe spills that may happen.
8. Throwing food or other objects are not allowed.
9. Running, excessive noise, "horseplay," or other disruptive behavior is not allowed. All unacceptable behavior will result in disciplinary procedures, which may include removal from the cafeteria for a specified time period.

LUNCH CARDS

Students will be issued a lunch card that will be used to pay for meals. Students will have their cards scanned as they go through the lunch line and their accounts will be charged.

TEXTBOOKS

At least one textbook for each class is issued without charge to you. Each student is responsible for the care and return of the books issued to them. If books are lost or abused, a fine will be levied with the amount determined by the teacher of the subject using the text. A letter will be sent home explaining our damaged and/or missing books policy along with a bill to cover the cost of the replacement or fixing of the textbook.

DROPPING COURSES

No class can be dropped after the first Friday of the course without taking a failure in that course unless special permission is granted by the Principal's Office. Special cases and policies may apply to online college courses. See Online Courses in the high school handbook for more information.

STUDENT PASSES

Any time that a student wishes to leave an assigned room during the class period he/she must have a signed pass. No passes will be issued for rooms where there is not a faculty member supervising. If a student wishes to go to another teacher's room, he/she shall obtain a pass from that teacher beforehand. This prevents unnecessary class interruption. Students in the hall without a pass will receive one warning and will lose pass privileges thereafter as deemed appropriate by the teacher and/or principal.

All students will properly sign out and return to their assigned rooms before the end of the period unless specifically told not to do so.

STUDENT SURVEYS

Occasionally, the school district utilizes surveys to obtain opinions and information about students. For complete information on the rights of parents, guardians and eligible students regarding conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see the Appendix at the back of the handbook. A complete copy of the school district's "Student Surveys" policy is in the district's handbook in the district office.

FUNDRAISERS

Many organizations have various fundraisers to raise money to support their activities. All organizations need the approval of the Fundraising Committee prior to their sale, to prevent overlapping sales, and duplication, to approve the worthiness of the fundraiser. Candy items may be sold before or after school - not during the school day. Candy sold during the day will be confiscated.

FOOD AND POP IN SCHOOL

As per our adopted school's health and wellness policy, consumption of pop (and other sugary beverages) and food (including candy) are discouraged during the school day. Pop and food are not allowed in classrooms. Students may have water in the classrooms unless a teacher disallows it. If pop or food is brought into the classroom or the lunchroom, it may be confiscated by the teacher or staff member and not returned.

SCHOOL TELEPHONES

Telephones are located in every classroom and office and may be used by students in emergencies. They are business phones, however, and should be used for school business only. Students wishing to use a phone must get permission from their teacher or from office personnel. Students are not to engage in an unnecessary or lengthy conversation. Our phone system is equipped with voicemail that can be utilized in the event students or parents need to get messages to teachers. Voicemail is also available in the offices, if you are unable to reach a secretary, a message can be left with them. Only business calls to students will be accepted during school hours. Students will be discouraged from being called out of class to take a call, except in an emergency. They will be asked to call the party between classes. There is a phone in the office for student use.

ELECTRONIC DEVICE POLICY: CELL PHONES, AIR/EARBUDS AND MUSIC DEVICES

We advise students to keep their cell phones at home or in their vehicles. The use of cell phones and other electronic devices at school creates a disruption to the learning environment and may jeopardize student safety during potential emergency situations. The use of cell phones and/or other personal communication and music devices during the school day is strictly prohibited. Students who bring these devices to school must turn them off and keep them stored in their locker or classroom caddy. The use of cell phones and other electronic devices in locker room facilities and/or bathrooms is strictly prohibited at all times (including before, during, and after school).

Students sending or possessing inappropriate messages and/or pictures during the school day is prohibited. Students videotaping, audio-taping, or taking pictures, without others' permission is prohibited. School authorities reserve the right to review the picture, audio, and video content of any cell phone found on school property if they violate our school policy of no cell phones in classrooms, bathrooms or locker rooms.

Students may not bring in a cell phone, iPad, iPod or electronic media device for the purpose of taping a class or classroom teacher with the intent to put the teacher or another student on the internet or any other public displays where embarrassment or ridicule is inevitable. Such action will result in immediate suspension or if necessary expulsion.

Teachers will utilize a calculator caddy for student cell phones and all personal electronic devices during the class period.

If a violation occurs:

- **1st offense:** Device will be collected by the teacher and returned at the end of the class period and the student will be assigned 30 minutes of detention
- **2nd offense:** Device will be brought to the Dean of Students or Principal and returned at the end of the school day and a disciplinary report will be filed. The student will be assigned 1 hour of detention.
- **3rd offense:** Device will be given to the Dean of Students or Principal and a phone call will be made home to parents to pick up the device along with another disciplinary report filed. The student will be assigned 1 and a half hours of detention.
- **4th offense or more:** Decision made by administration which may include; in-school suspension, or banning the device from school altogether.

Students may use these devices (cell phones, iPods, music players) in the morning before 8:15, during the lunch hour and between class periods in the hallway. Not in the hallway during class time unless that class period is an online college class. Inappropriate use of digital cameras and recording devices are prohibited. It will be considered a violation if students use their cell phones during class time in the hallway.

When used inappropriately or when in violation of the school's policy, these items can and will be confiscated by staff members, taken to the office, and returned at the end of the day. Continual problems with the devices listed above will result in the need for parents to reclaim the item from the school office or further disciplinary actions to take place.

The Minnesota State High School League does not allow the use of cell phones in the locker room or restrooms. Students caught using cell phones in the locker room or restroom will have the phone confiscated and receive one night of detention. Continued problems will result in suspension.

STUDENT TRANSPORTATION BUS SAFETY

Riding the school bus is a privilege, not a right. Students are expected to follow the same behavioral standards while riding school buses as are expected on school property or at school activities, functions or events. All school rules are in effect while a student is riding the bus or at the bus stop.

Consequences for school bus or bus stop misconduct will be imposed by the Dean of Students or the Principal. All school bus/bus stop misconduct will be reported to the Principal. Serious misconduct will be reported to the Department of Public Safety and may be reported to local law enforcement.

The bus routes shall be set by the Board of Education. Any request for routing or suggested changes must be reported to school officials who, after consultation with the Superintendent and the Board of Education, determine the advisability of such changes.

The bus driver has the same disciplinary authority as a teacher.

School Bus and Bus Stop Rules: The School District school bus safety rules are to be posted on every bus. If these rules are broken, the School District's discipline procedures are to be followed. Consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the Principal's office.

Rules at the Bus Stop:

1. Get to your bus stop 5 minutes before your scheduled pickup time. The school bus driver will not wait for late students.
2. Respect the property of others while waiting at your bus stop.
3. Keep your arms, legs and belongings to yourself.
4. Use appropriate language.

BEHAVIOR PLAN FOR BUS RIDERSHIP

1. The regular discipline and referral system will be used for infractions on the bus.
2. All infractions must be reported to the driver who will determine if a referral should be written.
3. In addition to the consequences of the Discipline Policy, the following action will be taken:

1st offense - A warning is given and the student is moved to an assigned seat until further notice.

2nd offense- Written notice to Dean of Students or Principal with possible after-school detention and a phone call home.

3rd offense - A 1-3-day suspension from the bus.

4th offense - A 5-day suspension from the bus and a meeting with the principal, driver, and parent before being reinstated.

5th offense - A 10-day suspension minimum. Parent meeting again required for reinstatement.

Further offenses are considered on an individual basis. Students may be suspended for longer periods, up to the remainder of the year. Sixty days with no referrals result in students being cleared.

Whenever possible, students will be sent on school-sponsored trips by school bus only. It is felt that buses provide the safest available transportation for large groups.

We provide "pep" band bus transportation to some out-of-town athletic contests and some evening tournament games. Class trips and parties, senior class trip day outings, etc. also are required to take buses from the school to their destination and back. The number of trips is subject to change each year, as it is dictated by the circumstances arising during the year.

Students who ride a bus to a function will also return on the bus. No teacher can be expected to release you from the return bus unless it is to release you directly to your parents. Notes to ride home with parents need to be approved by the Principal.

On all class trips/functions, the school reserves the right to search all personal belongings for improper materials or controlled substances.

BUS EVACUATION DRILLS

Emergency bus evacuation drills will be held on all school buses periodically throughout the year. Students sitting in the forward half of the school bus will exit through the front door, in an orderly fashion, as rapidly as is possible. Students sitting in the rear half of the bus will exit through the rear emergency door. After leaving the bus, students will assemble as a group, at a safe distance from the bus and wait for further orders. If the drill is to be held at the school campus, students are to assemble at the nearest entrance sidewalk from the street to the school. Do not leave the assembly until you are excused by the Bus Patrol or the driver.

EXCUSES FROM PHYSICAL EDUCATION

Students experiencing colds or recovery from illness may be excused from active participation in Physical Education classes for one day upon presenting a request from their parent or up to one school week depending upon mitigating circumstances. However, any student who is to be excused from active participation for more than one week must present a doctor's statement to this effect to the Nurse's Office or to the instructor.

RELEASED TIME EDUCATION/CHURCH NIGHT

Students have the opportunity to participate in Released Time education if local churches provide this instruction. Students attending religion classes after school will not be penalized for missing sports practices.

MILITARY, COLLEGE AND TECHNICAL COLLEGE - VISITATION

Sebeka juniors and seniors are increasingly visiting post-high school training institutions. In order to account for our students more accurately, all students must obtain a permission slip from the school counselor or office prior to leaving to see the institutional representative during school time if they expect to receive an excused absence.

Current school policy allows two days for juniors and two days for seniors to visit a college, university, technical college, military or employment interviews and tours during school days. Weekends, Thanksgiving, Christmas and Easter vacations allow excellent opportunities for tours, etc. for many students. The Counselor's Office is responsible for verifying appointments for interviews and/or tours with military representatives, college or technical college personnel on school days. Any trip that a student takes outside of school time may be coordinated through the Counselor's Office, but it is not required.

Students who have been accepted into a school or branch of the military, and now receive an appointment date for further testing, examinations or interviews, may present such evidence to the Principal's Office and receive additional excused absence(s) for the date or dates shown.

STUDENT FEES

Public education in Minnesota is free to all students who are residents. However, fees may be charged to you under the following circumstances:

1. A project in art, home economics, industrial arts or some other course that is in excess of the material requirements of the minimum course outline, provided that the student elects to do such a project with the approval of the instructor. The student may elect to take such projects home, and the costs of such projects must be paid as the material is used. Students may provide their own materials for such projects, again with the approval of the instructor.
Ex. Several types of wood joints may be learned in making a basic required project. The completed project remains the property of the school unless the students arrange with the instructor to purchase it, and costs of the project are paid as the materials are used or, by arrangement, the costs of materials is paid before the project is taken home.
2. Cost of school equipment or material destroyed or broken or unduly damaged through carelessness or failure to follow instructions, in the amount necessary to restore the item involved to service.
3. Costs of field trips may be made available from time to time, but not required as part of the course, should the student elect to participate in the trip.
4. Costs of the school paper, yearbook, jackets, graduation announcements or class rings, should the student elect to order any of these items.

5. Admissions fees for concerts, plays, athletic events, and other programs or activities the student may attend at his or her option.

Students are required to furnish their own paper, pencils, pens, notebooks, special papers or sketch pads, gym clothes, tennis and athletic shoes and other items of personal equipment. Parents will be notified of unpaid fees by or at the close of the school year. These fees and procedures are in accordance with and governed by the Minnesota Public School Fee Law, MSA 123B.34 - 123B.39

YOUR SCHOOL RECORDS

The school has on file, grades, attendance, standardized test scores, and discipline records that have resulted from your work since you began school. If you have attended several different schools, these records have all followed you to this school and are on file here.

You and/or your parent/guardian may see the contents of these records by making an appointment to do so with the principal or counselor. You may have copies made of anything in the school record, at a cost to you, but you are not to take the original record out of the office. You or your parent/guardian may place any statements or items in your record that you wish to if it pertains to your schoolwork.

You may also request that items be removed from your file. In the event that you or your parent/guardian make such a request, the person in charge of the record may or may not grant the request. In the event the request is denied to you, you may appeal the decision to the next highest official, and ultimately to the School Board.

Your records, or any part thereof, cannot be transferred in writing or orally to any other place without the written consent of you or your parent/guardian, with the exception of another public school in the state in which you have already enrolled after transferring from this school.

This means that your school will not and cannot by law, without first receiving written consent from you or your parent/guardian:

- Send a transcript of your school record to a college
- Give information from your record to a prospective employer.

Written consent can be given by using a form available in the office of the principal or counselor, or by writing a letter to the office requesting the transfer of such records.

Students who are 18 years of age or older need not seek the consent of their parents/guardians to exercise their rights of access or control of transfer of their records.

All students' records will be treated in accordance with the provisions of Public Law 93-380, passed by Congress in 1974, and Chapter 479 of the 1974 Session Laws of the State of Minnesota. These laws and resulting procedures described on this page also apply to the records of all graduates of this school.

TRANSFER OF RECORDS

All student records, whether coming in or going out, will be treated according to Chapter 479 of the 1974 Session Laws of the State of Minnesota.

Incoming students - At the time of your registration, you were asked to complete a form and have your parents sign it. This is a legal request to your last school to release your records to Sebeka. By Minnesota Law, your school can send us your records on the written request of your parent/guardian, or your signed request if you are 18 years or older.

Homeschool students- Students who enroll in Sebeka and were former homeschooled students, classes will be entered into our records as pass/fail. If parents can provide proof or verification of grades, then those will be used.

Students leaving - Before your last day in Sebeka, stop in the Principal's Office for a check out sheet. This will show a record of your checking in all books, payment of any outstanding fees or bills, and helps us to make your transfer a little easier.

Graduates - Please remember that we cannot accept a “blanket release” form for your records. The law is very explicit in stating that we can only release information to the agency designated on the form and that no form of blanket release is acceptable.

SCHOOL COUNSELOR

Junior high and high school are the beginning of the transition into adulthood and the world of work as students begin separating from parents and exploring and defining their independence. Students are deciding who they are, what they do well, and what they will do when they graduate. During these adolescent years, students are evaluating their strengths, skills, and abilities. The biggest influence is their peer group. They are searching for a place to belong and rely on peer acceptance and feedback. They face increased pressures regarding risk behaviors involving sex, alcohol, and drugs while exploring the boundaries of more acceptable behavior and mature, meaningful relationships. They need guidance in making concrete and compounded decisions. They must deal with academic pressures as they face high-stakes testing, the challenges of college admissions, the scholarship and financial aid application process and entrance into a competitive job market.

The school counselor is a professional educator with a mental health perspective who understands and responds to the challenges presented by today’s diverse student population. School counselors do not work in isolation; rather they are integral to the total educational program. Professional school counselors align and work with the school’s mission to support the academic achievement of all students as they prepare for the ever-changing world of the 21st century. This mission is accomplished through the design, development, implementation, and evaluation of a comprehensive, developmental and systematic school counseling program. The American School Counselors Association National Standards in the academic, career and personal/social domains are the foundation for this work.

The school counselor implements the counseling program by providing:

1. Classroom Guidance

- Academic skills support
- Organizational, study and test-taking skills
- Post-secondary planning and application process
- Career planning
- Education in understanding self and others
- Coping strategies
- Peer relationships and effective social skills
- Communication, problem-solving, decision-making, conflict resolution, and study skills
- Career awareness and the world of work
- Substance abuse education
- Multicultural/diversity awareness

2. Individual Student Planning

- Goal setting
- Academic plans
- Career plans
- Problem-solving
- Education in an understanding of self, including strengths and weaknesses
- Transition plans

3. Responsive Services

- Individual and small-group counseling
- Individual/family/school crisis intervention
- Peer facilitation
- Consultation/collaboration
- Referrals

4. System Support

- Professional development
- Consultation, collaboration and teaming
- Program management and operation

Within this work with students, respect and privacy is of the highest priority. It is important that students have a private and trusting environment to share personal issues. Because of this, confidentiality is considered a must in the counseling office. However, there are certain limits to confidentiality. All counselors and school personnel are considered mandated reporters under the Minnesota child abuse laws. The school counselor adheres to the responsibility of taking appropriate action should there be indications of a potential threat of harm to self or others. Parents are encouraged to be active participants in their student's education and are welcome to call the counselor at any time with concerns or questions about their student.

CRISIS LINE

For students or staff who are struggling with suicidal thoughts, please reach out to the Crisis Line. From any phone or cellphone: Toll-Free: 1-800-462-5525 or 218-828-4357 or 988 or text to 741-741

THE OUTDOOR CLASSROOM

Our school has directed efforts toward the State of Minnesota and the D.N.R. to make a parcel of land, close to Sebeka, available for study purposes. We expect to be able to enrich our programs of biology, ecology, agriculture, conservation, etc., through the use of this land as an outdoor classroom. Bus transportation will be used when a class is scheduled to visit the area. Your attention to preserving the natural quality of the area, and keeping it free from litter or other abuse is necessary if we are to continue to use it for study.

SCHOOL FOREST

Sebeka School District #820's School Forest may be hunted by Sebeka Students and families with direct and written permission by the school administration. Interested individuals should see the Superintendent for more specific details.

PARENT-TEACHER CONFERENCES

Two conferences will be held each year. The fall conference will follow the first nine-week grading period and the winter conference will be during the third nine-week grading period.

GENERAL ASSEMBLIES IN GYM

Assemblies are held for the benefit of students. Each student contributes much to the success of assembly programs by:

- Being on time and taking assigned seats promptly.
- Showing appreciation and consideration by being attentive (shutting off cell phones is necessary).
- Remembering that discourtesy on the part of even one student reflects disrespect on the entire student body. Students who are discourteous or disruptive may not be allowed to attend future assemblies and could be assigned detention.

AWARDS DAY PROGRAM

This is the time when students receive awards for outstanding work in curricular and co-curricular activities. The awards program will be held during the last week of school. Specific awards will be determined by teachers, school counselor, administration, coaches and advisors throughout the year. The Principal will put together the agenda for the awards day program.

ALTERNATIVE LEARNING STUDENTS

If a student enrolls in the ALC program as a full-time student, they are no longer considered a Sebeka Public School student. This means that they can not attend any SHS field trip, class trip, school dance or prom (unless invited by a current Sebeka Student). If they are an ALC student in their senior year, they will not be in the class composite and they will not be able to attend the senior class trip. If an ALC student meets the requirements of SHS, they may attend graduation and walk with their class.

SENIOR CLASS TRIP

A tradition for seniors currently attending Sebeka High School or taking PSEO and are on schedule to graduate are permitted to go on the Senior Class Trip. Seniors and their advisors plan an outing for pure enjoyment. A meeting will be held with the seniors 2-3 weeks prior to this trip to answer any questions in regard to school policy regarding requirements for the trip.

BACCALAUREATE

This is a special religious service delivered as a farewell discourse to the graduating class. It is strictly non-denominational and sponsored and presented entirely by the local pastors and their churches.

COMMENCEMENT

Culminating kindergarten through grade 12 of schooling on the part of the students is Commencement Exercise. At this time, students fulfilling Sebeka School requirements receive their diplomas. It has been a tradition to have the top students in the graduating class share an Honors Address during the commencement ceremony. It is the school's policy that students who have attended Sebeka High School are eligible for this honor. More specific requirements are discussed later in this handbook.

STUDENT ORGANIZATIONS AND OTHER ACTIVITIES

Along with the many sports programs, there are also a large number of other student organizations at Sebeka High School. Students are encouraged to be a part of one or more of these organizations. They are as follows:

STUDENT COUNCIL: The student governing body of our school. Each spring four (4) representatives are elected from each class in high school. This organization gives the students a voice in the administration of the school.

FCCLA: The Family Career and Community Leaders of America is an organization for students who are interested in developing initiatives in planning and carrying out activities related to consumer living.

ONE ACT: We have a One Act group that will perform in the regional One Act competition during the winter. The students benefit through learning principles of acting, make-up, set construction, costuming, lights and the business principles of play production.

YEARBOOK: Yearbook is a course that students will learn about team building, marketing, photography, design, and journalism. The students will be part of a team that publishes the yearbook and the spring supplement. In this class, students will plan and prepare, create, and then focus on sales of the yearbook.

BPA: Business Professionals of America is the leading CTSO (Career Technical Student Organization) for students pursuing careers in business management, office administration, information technology, and other business-related career fields. BPA is a 'co-curricular' organization that supports business and information technology educators by offering a curriculum based on national standards. Resources and materials are available online and designed to be customized to a school's program.

FFA: Future Farmers of America is a dynamic student-led leadership development organization for students of agricultural education. The FFA prepares students for premier leadership, personal growth and career success.

SKILLS USA: The SkillsUSA organization is established for students interested in competing in numerous Career and Technical Education areas of study. This organization also provides leadership opportunities for students wanting to further their public speaking and leadership skills.

OTHER ORGANIZATIONS: Peer Helpers, CHAMP Youth Committee

III. HEALTH SERVICES

Sebeka Public School employs a Contracted RN/PHN and full-time LPN who is responsible for carrying out the activities of the Health Office. The goal of the Health Office is to promote good health and prevent illness for students and staff. The following policies/procedures have been established by District 820

PUPIL HEALTH RECORDS

The school health record is an official document and is required for each student attending school. It is kept in the Health Office. Health information pertinent to each student is included such as immunization records, results of screenings, health assessments, health information that may affect the ability for learning and/or which may result in an emergency at school and the plan for which to meet the student's health needs.

ATHLETIC PHYSICALS

Students who plan to participate in co-curricular athletic activities are required to have a sports physical exam (within the past 3 years) before the start of each activity's season.

SCREENING

Vision/Hearing: Students in 1st, 3rd, 5th, 7th, and 10th grade are screened for vision and hearing, according to the recommendations of the Minnesota Department of Health. Students who do not initially pass are rescreened. Parents are notified if the student did not pass on rescreen.

ILLNESS

When a child is absent due to illness, parents are asked to call the School Office each morning of the day that they are absent.

General practice for when to keep your child at home due to illness include:

- If a student has had a fever of 100 or more, the student should stay home for 24 hours after the temperature returns to normal.
- If a student has vomited or had diarrhea, the student should stay home until 24 hours after the last episode.
- If a student has any rash that may be disease-related or the cause is unknown, check with your family physician before sending the student to school.

If a child develops a fever or shows other signs of illness during the school day, a parent will be contacted so he/she can be picked up. If the parent/guardian cannot be reached, information completed on the Emergency Card will be utilized.

Emergency forms are required to be completed by a parent for all students. If there is a change of any information during the school year, it is the responsibility of the parent to notify the school and/or complete a new emergency form. Contact the school office with your changes.

If a child contracts a contagious condition/illness, parents are asked to notify the school's nurse or the child's teacher. Parents of students in the same classroom can then be cautioned so that early detection of the disease can be notified to prevent its spreading throughout the classroom.

CHRONIC HEALTH CONCERNS

Students diagnosed with health conditions (i.e., diabetes, asthma, seizures, heart conditions, allergies,) should provide the school with a physician's summary of the condition and any special instructions and limitations related to school activities. Individual Health Plans are written for students with health concerns and shared with their teachers/staff who work with the student.

MEDICATION ADMINISTRATION DURING THE SCHOOL DAY

Parents shall notify the school's nurse, secretary, principal or teacher of their child requesting medication to be administered during school hours. Whenever possible, the medication should be given at home and every effort should be made to avoid school hours. Medication administered during the school day shall be supervised by the RN/PHN and may be administered by designated school personnel.

All medications administered during the school day require proper authorization. All written medication authorizations are effective for the current school year only and must be renewed each year. For safety purposes, an adult must bring all medications to the school. (If there is a reason this is not possible, please contact the school's nurse.)

Medications will be kept in a locked cabinet, file, or drawer, with the exception of those students who need to self-administer, as for asthma inhalers. Physician orders for those students will be kept on file in the health office. Any other exceptions will be reviewed by the school's nurse on an individual basis.

PRESCRIPTION MEDICATION

The following is required for the administration of prescription medication during the school day:

1. Written authorization from the child's physician – "Consent for the Administration of Prescription Medication" form is available in the health office
2. Written permission from the parent – sign the parent portion of the medication form.

Medication must be brought to school in a pharmacy-labeled bottle or in the original container that it was purchased. If needed, a duplicate bottle may be obtained from the pharmacist to be kept at the school.

A written statement signed by the physician and parent may also be accepted. The physician's orders must include the name, dose and time of the medication to be administered and the reason for medication at school. The pharmacy-labeled bottle shall list the student's name, name of the medication, dosage and time to be administered, name of the physician and name/telephone number of the pharmacy.

The parents of the student shall assume responsibility for informing the school's nurse of any changes in the student's medication. Medication dosage changes must be prescribed and documented in writing by the physician. When circumstances warrant, the physician may provide verbal medication orders or changes of dosage to the school's nurse only. Verbal orders must be followed by written authorization within two school days.

NON-PRESCRIPTION (OVER-THE-COUNTER) MEDICATION

Requests for the administration of non-prescription medication to students during the school day will be considered on an individual basis, case-by-case. Non-prescription medication will be kept in the health office for students who may need them more than one time per month.

Non-prescription medication administered at school will be limited to the following: Pain Relievers/Fever Reducers (Acetaminophen: Tylenol, Generic Pain Reliever, etc.), Nonsteroidal anti-inflammatory drugs (Ibuprofen, Advil, Motrin, etc.), Cough/Cold Substances, Cough drops/Throat lozenges.

The following is required for the administration of non-prescription (over-the-counter) medication:

1. Written permission from the parent. – "Consent for the Administration of Non-Prescription Medication" form is available in the health office
2. Non- Prescription medication must be brought to school in the original container that it was purchased in and must be administered in a manner consistent with the instructions on the label. Medication received in an unlabeled bottle, foil wrap, saran wrap, or envelope, etc. will not be administered.

The school's nurse may request a physician order for non-prescription medication or further information about the medication from the student's physician at their discretion.

Non-prescription medications are encouraged to be kept in the health office and not to be carried by the student.

IMMUNIZATIONS

Minnesota Statutes Section 121A.15 required that all children who are enrolled in a Minnesota school be immunized against diphtheria, tetanus, pertussis, polio, measles, mumps, rubella, hepatitis B, and meningitis, allowing for certain specified exceptions. Forms are available in the Health Office to be signed by the parent and Notary Public for students who are exempt from immunizations for health or personal reasons.

For further questions, please call the School's Nurse at 218-837-5101, Ext. 129.

LICE POLICY

If untreated nits or live lice are detected on a student, the parent will be notified.

Students who are feeling ill are expected to visit the school's nurse before making calls or sending messages home to parents. The school's nurse will make contact with parents/caregivers to explain the symptoms, to share recommendations, and make a plan together in the best interest of the student.

School Health Policies are available in the office upon request. Additional health information is available online at www.sebeka.k12.mn.us

OVERDOSE MEDICATION

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan), and administration

devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day or at school district activities.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone, to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **“Drug-related overdose”** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **“Naloxone Coordinator”** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. - D. **“Opiate Antagonist”** means naloxone hydrochloride (“Naloxone”) or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **“Standing Order”** means directions from the school district’s medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. The school district must maintain a supply of opiate antagonists at each school site to be administered in compliance with Minnesota law. Each school building must have two doses of nasal naloxone available on-site.
- B. A licensed physician, a licensed advanced practice registered nurse authorized to prescribe drugs pursuant to Minnesota Statutes, section 148.235, or a licensed physician assistant may authorize a nurse or other personnel employed by, or under contract with, a public school may be authorized to administer opiate antagonists as defined under Minnesota Statutes, section 604A.04, subdivision 1.
- C. A licensed practical nurse is authorized to possess and administer an opiate antagonist in a school setting notwithstanding Minnesota Statutes, 148.235, subdivisions 8 and 9.
- D. If Naloxone is administered the school must do the following.
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued

- b. need of recipients of additional medical care;
 - b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.
- E. **School District Staff**
School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. **Privacy Protections**

IV. **ACADEMIC POLICIES**

Sebek High School is dedicated to the education and preparation for all students. The Minnesota Comprehensive Assessments (MCA), American College Test (ACT), Preliminary Scholastic Aptitude Test (PSAT), Scholastic Aptitude Test (SAT) and the Armed Services Vocational Ability Battery (ASVAB) are all made available for students.

GRADUATION CREDIT POLICY

Graduation is the completion of 13 years of school, not just the high school years. It is the responsibility of the student to see that they meet Sebek High School graduation requirements. The school counselor and Principal are available to assist students with schedules and questions about graduation requirements.

Students not meeting the full requirements to graduate at the end of their senior year will not be allowed to participate in graduation exercises. Only those students who complete all required credits will participate in the graduation ceremony. An exception may be made by the administration for those students within one credit of the required minimum. This policy is intended to add force and meaning to graduation. Students considered for commencement addresses need to be in attendance the entire school year and be enrolled in a minimum of four class periods offered in the Sebek High School building during their senior year.

Sebeka High School expects pupils to be enrolled in seven classes. Exceptions may be made on an individual basis for students to enroll in six or eight classes as the situation warrants. The Principal will process all requests to carry other than seven classes. Students in grades 7 – 8 enrolled in band or choir.

In addition to those classes for grades 9 –12, all core courses in 7th and 8th grade must be completed and passed in junior high or through credit recovery in order to graduate. Those students in grades 7 and 8 who fail a semester class in the core curriculum (Math, English, Science, Social Studies) will be required to attend summer school in order to make up the credit. If the student chooses not to attend remedial classes, the student will repeat the class during the following school year before being promoted to the next grade level for that class. Students may have the ability to work out an alternative plan at the discretion of the classroom teacher, with the approval of the counselor and the administration. As well as meeting the credit requirement for graduation, students are expected to maintain full-time status throughout the four years of high school. This requirement also applies to students in the Post-Secondary Enrollment Options program. Exceptions can be made on an individual basis for work release. Study hall for students in grades 9-12 will be given with administrative permission only.

Post Secondary Enrollment Options and Concurrent Enrollment:

Postsecondary Enrollment Options (PSEO)/Concurrent is a program that allows 9th, 10th-, 11th- and 12th-grade students to earn both high school and college credit while still in high school, through enrollment in and successful completion of college-level, nonsectarian courses at eligible participating postsecondary institutions. Most PSEO courses are offered on the campus of the postsecondary institution; some courses are offered online. Each participating college or university sets its own requirements for enrollment into the PSEO courses. Eleventh and 12th-grade students may take PSEO/concurrent courses on a full- or part-time basis; 9th and 10th-graders may take one career/technical concurrent course. As a 10th grader, if they earn at least a grade C in that class, they may take additional concurrent courses.

There is no charge to PSEO/concurrent students for tuition, books or fees for items that are required to participate in a course. Students must meet the PSEO residency and eligibility requirements and abide by participation limits specified in Minnesota Statutes, section 124D.09. Funds are available to help pay transportation expenses for qualifying students to participate in PSEO courses on college campuses. Schools must provide information to all students in grades 8-11 and their families by March 1 every year. Students must notify their school by May 30 if they want to participate in PSEO/concurrent for the following school year. A meeting must also be organized with the student, parents/guardians, counselor, and school administration to review the qualifiers and expectations of a PSEO/concurrent student.

1. In order to participate in PSEO/concurrent courses, you must have a cumulative GPA of 3.8 as a freshman 3.5 as a Sophomore, 3.2 as a Junior or 2.8 as a Senior.
2. All college courses will transfer to your Sebeka High School transcript with the grade earned. No college grades are “weighted” when transferred to your Sebeka High School transcript.
3. Use the following formula to convert college semester credits to Sebeka High School credits: 1 college credit = .25 Sebeka High School credit.
4. College textbooks belong to the high school and must be returned to Sebeka School at the end of the course, unless otherwise specified by the campus bookstore.
5. Students are strongly discouraged from dropping a course after the course has started and the school has been charged for the class. No schedule changes are allowed without first consulting the school counselor.
6. Students are responsible for knowing the college’s registration deadlines and add/drop dates.

7. Students who fail a concurrent course will be required to meet with the school counselor to determine if future concurrent classes will be allowed. Sebeka School has the right to limit concurrent classes for students who are not making adequate progress.
8. Online students will be expected to provide a printout of their current online course grades to the counselor or online supervisor/proctor every 2 weeks.
9. Students who intend to participate in PSEO for the upcoming school year must notify the school counselor no later than May 30th.
10. College academic and attendance complications for PSEO students need to be handled by the college and students. Your counselor should be informed but has no jurisdiction over college matters for PSEO students.
11. PSEO students may participate in high school events and activities.
12. It is the PSEO student's responsibility to stay informed about school happenings and to meet Sebeka High School graduation requirements.
13. High school diplomas are held until Sebeka High School receives a transcript from the college AND all graduation requirements are verified.

Online Options: The school district policy manual addresses the issue of Online Learning Policy #624 stating Sebeka School's general statement of policy and procedures that students need to follow to receive approval and credit for classes taken through online learning opportunities. Taking an online college course is a commitment.

Qualifiers for Concurrent College Course Enrollment

Sebeka School believes in supporting students who are ready for college-level work in high school by offering dual credit courses for sophomores, juniors, and seniors who meet the following qualifiers:

Freshman (1 CTE Course only)	Sophomores (CTE course only)	Juniors	Seniors
GPA of 3.8 or higher Must pass Accuplacer Must have written approval from administration & counselor	GPA of 3.5 or higher Must pass Accuplacer Must have written approval from administration & counselor	GPA of 3.2 Must pass Accuplacer	GPA of 2.8 Must pass Accuplacer

Foreign Exchange Students: Foreign exchange students will need to meet requirements as equated to Sebeka High School standards in order to receive a diploma or certificate of attendance. Students are to meet with the counselor at the beginning of the year to determine if they will be on track for a high school diploma or receive a certificate of attendance for their academic year in America.

Academic Course Test-Out Policy: Students will have the option of testing out of classes they feel adequate background has been gained through personal or homebound instruction. For specific information contact the counselor's office for policy, procedures, and guideline recommendations.

Independent Study Option: Students may be able to take independent study classes provided prior approval of the instructor and the school counselor is given. Students will need to follow criteria and guidelines as established by the principal and counselor.

Work Release: Students will need to be on track to graduation and currently employed to be eligible for this program. Students will have one class period with the placement teacher and fulfill the requirements given by the placement teacher. If a student chooses to leave early for this program, they will need to stay through the end of 4th-hour 1st semester and the end of advisory 2nd semester. Failing will result in losing this privilege

Final Exams: Final examinations or final projects are given at the end of each semester. Final exams total 10% of the final grade for each course.

GUEST SPEAKERS

Guest speakers are welcome to support the curriculum and instruction of our high school courses when pre-approved by the administration and the teacher. Guest speakers should get this approval with more than 24-hour notice.

REPORT CARDS AND MID-TERM REPORTS

Report cards will be issued every nine weeks. These should be taken home and presented to the parents for examination. Report cards need not be returned to school. Mid-term reports will also be mailed out to all students.

GRADING SCALE

A = 92.5% and above	C = 72.5%
A- = 89.5%	C- = 69.5%
B+ = 86.5%	D+ = 66.5%
B = 82.5%	D = 62.5%
B- = 79.5%	D- = 59.5%
C+ = 76.5%	

GRADE CHECKS

Grade checks will be completed at mid-term during each quarter. Students not passing at mid-term time will be ineligible until the coursework is completed in order to be passing. At the end of the quarter, students who are not passing are ineligible for a time period of two weeks. This two week time period goes into effect at the time the ineligibility comes out and is shared with the Activities Director, Dean of Students, administration, and staff.

HONOR ROLL

Honor roll will be based on a point system. Students' average in academic classes will determine the honor roll. Honor roll will be released at the end of each quarter marking period. Honor students will be recognized in the following manner:

"4.0" Honor students will have straight A's in all of their classes: "A" Honor students will have a GPA of 3.67-3.99; "B+" Honor students will have a GPA of 3.33-3.66; "B" Honor students will have a GPA of 3.00-3.32.

The point system is as follows:

A = 4.00	C = 2.00
A- = 3.67	C- = 1.67
B+ = 3.33	D+ = 1.33
B = 3.00	D = 1.00
B- = 2.67	D- = .67
C+ = 2.33	

A student with an "F" in any academic class will not be considered for the honor roll.

MINNESOTA COMPREHENSIVE ASSESSMENTS (MCAs)

As a requirement of Minnesota's Department of Education, our school gives the Minnesota Comprehensive Assessments (MCAs) each spring to students in our school district. Students in 7th (reading and math), 8th (reading, math, and science), 10th (reading and science), and 11th grade (math) are assessed each spring in various subjects. A new testing component that is required for the Class of 2020 is the State Civics test. Students graduating in this class and beyond will need to complete this Civics assessment before they graduate from Sebeka High School.

According to M.S. 120B.31, Subd. 4a, which requires school districts to provide notice to parents or guardians of their option to refuse to have their students take the statewide assessment, the Commissioner of the Minnesota Department of Education (MDE) developed a form for parents to use to exercise the right to opt-out of these assessments. The form can be located at the end of the high school handbook, our school website, or in the school counselor's office. Questions about MCAs should be directed to the school counselor or to school administration. For the MCA testing option out form, please refer to the end of this handbook.

ACT EXAM

Following the Minnesota Department of Education's recent legislation regarding M.S. 120B.30, subdivision 1e, the Sebeka School District will continue to provide students the opportunity to participate in a college entrance exam on a school day (traditionally this has been the ACT exam), but individual students are not required to participate. The Statute states that the ACT test is optional and will be free to those who qualify for free or reduced meals. All other students may be asked to pay for the ACT test.

PEER TUTOR

For students who are Peer Tutors, grades will be earned as pass or fail.

FAILURES

Most failures are due to a lack of application and effort, not a lack of ability. Pupils can avoid failures by doing their work regularly and getting their work in on time. A pupil owes it to himself or herself and his or her parents to try to do his/her best on his/her schoolwork. Midterm failing slips will be given out each grading period. This is a warning that unless improvement is shown, a student will most likely fail the course during that grading period. Failing a required course for the semester will necessitate repeating the course in Sebeka School or completing the course at an accredited Minnesota School District. Even if a student is classified as a senior, it does not ensure one of automatic graduation. Those students in grades 7 and 8 who fail a semester class in the core curriculum (Math, English, Science or Social Studies) will be required to attend summer school in order to make up the credit. If the student chooses not to attend remedial classes, the student will repeat the class during the following school year before being promoted into the next grade level for that class. Students may have the ability to work out an alternative plan at the discretion of the classroom teacher, with the approval of the counselor and the administration.

POLICY ON INCOMPLETES

An "I" (incomplete) on your report card means that the student has some work that has not been completed for the class. The work must be done in order to receive a grade. If a student has an incomplete, they are ineligible to participate in extracurricular activities until the incomplete becomes a passing grade. Incompletes must be taken care of within ten (10) school days after the end of the quarter. (Students do not get 10 days from the time report cards are handed out.) If the work is not made up within the 10 days, or if other arrangements have not been made with the teacher, the grade for the quarter or semester will be determined based on zeros for assignments the students have not turned in. If there are extenuating circumstances, please see the teacher or school administrator(s) for arrangements.

CHEATING

Students caught cheating on their assignments, quizzes or tests will receive a "0" for that test or work. If the violation involves the use of technology, the student is subject to confiscation of his/her device. If the administration has a valid reason, they may search the student's Google account. Parents will be notified of the disciplinary action and consequences by the classroom teacher or administration.

V. ATTENDANCE POLICIES

The intent of this policy is to interpret to all parents the purpose of the school to provide a maximum program of education to all students in the district and to comply with regulations and recommendations of the State Board of Education regarding attendance.

The School Board of Independent School District #820 believes that regular school attendance is directly related to success in academic work, benefits students socially, provides an opportunity for important communication between teacher and student and establishes regular habits of dependability important to the future of the student. Consequently, the following attendance policy is intended to be positive and not punitive. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent/guardian, teacher, and administrators. This policy will assist students in attending class.

COMPULSORY ATTENDANCE

Children between seven (7) and seventeen (17) years of age shall attend a public or private school each year during the entire time the public schools of the district in which the child resides are in session. (Chapter 132, School Law of 1957). The only excused absences are an illness of the pupil or serious illness, death, or emergency in the immediate family.

For more specific student attendance guidelines refer to Sebeka School Policy 503 as adopted by the Sebeka School Board of Education.

STUDENT'S RESPONSIBILITY

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to follow the correct procedures when absent from an assigned class or

study hall. Therefore, it is also the student's responsibility to familiarize himself/herself with all the procedures governing attendance. Students that are absent on a regular basis or for a prolonged period may be required to submit a doctor's note. Students who have been assigned to detention for an unexcused absence must complete the detention within two weeks. It is the student's responsibility to ensure that all missed homework is determined and completed according to the directions of the teacher.

PARENT'S OR GUARDIAN'S RESPONSIBILITY

It is the responsibility of the student's parent or guardian to encourage the student to attend school, to inform the school in the event of a student's absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

TEACHER'S RESPONSIBILITY

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. Teachers need to document (with the form supplied by the office) and notify the school's designated truancy officer in writing when a student misses excessive classes. The designated school truancy officer will follow up with a comprehensive review of the student's attendance history.

It is also the teacher's responsibility to familiarize himself/herself with all procedures governing attendance and to apply these procedures uniformly to avoid confusing the students. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments. Finally, it is the teacher's responsibility to work cooperatively with the student's parent/guardian and the student to solve any attendance problems that may arise.

ADMINISTRATOR'S/TRUANCY OFFICER'S RESPONSIBILITY

It is the administrator's responsibility to encourage students to attend all assigned classes and study halls. It is also the administrator's responsibility to familiarize himself/herself with all procedures governing attendance and to apply these procedures uniformly to all students. It is also the administrator's responsibility to maintain accurate records on student attendance and to publish a legible list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to correspond with the school's designated truancy officer regularly to discuss student attendance and to work cooperatively with them and the student to solve attendance problems. Therefore, in accordance with the regulations of the State Department of Education and the Minnesota Mandatory Attendance Law, Minnesota Statutes Section 120A.22, the students of District #820 are required to attend all assigned classes and/or study hall every day school's in session.

ATTENDANCE/AWOL

Any time that a student wishes to leave an assigned room or the school building, the student must have a signed pass from the assigned teacher or the office if going out of the building. The student must also sign out of the classroom sign-out sheet or on the office sign-out if leaving the building. A student must bring a note from home prior to leaving the building expressing parental consent for the student to do so.

Students are to be in the building and appropriate classrooms and assigned areas and are to stay until released by the teacher in charge.

Certain areas of the school have been designated off-limits. Students found in these areas without express written consent or under the direct supervision of a staff member are off-limits. High School students should not be in the elementary areas of the building.

Students will have the *number of days absent plus one (1) to complete make-up work*. If not completed in that time, no credit will be given for the assignment for that class. Students who are absent due to a school activity must get their assignments before they leave. Students with excessive absenteeism will have a plan developed with input from the parents and administration so students are able to successfully complete coursework and adhere to state and local attendance regulations.

Students who miss a day of school due to a school sponsored activity are responsible to get their work ahead of time. They will make every effort to get their assignments done before they leave. Students will have 2 extra days to make up their assignments when they return to school.

Truancy – A student whose parents expect him/her to be in school but who do not attend for other than lawful reason is a truant. This student will make up work missed and will be placed in In-School Suspension or detention. Truancy is further defined in the policies listed below.

All students who have an unexcused absence, several periods, or the whole day will be required to make up double the time skipped. I.e. **1 unexcused = 1 after school detention OR 3 lunch detentions**

Students are allowed three tardies per quarter.

ATTENDANCE RECORDING

Absentees must present a note from home explaining the absence or, if possible, parents/guardians are required to call the school between 7:00 and 8:45 a.m. to inform the office of the reason for absence. Parent/guardian follow-up must take place with students' return to school.

It is the expectation of students and parents/guardians to inform the school of anticipated absences whenever possible (e.g. vacations, medical/dental appointments, college visits.) Students must be in attendance the entire school day in order to participate in any extracurricular activity. The Principal/Activities Director or Superintendent may issue an exception upon prior approval or an emergency situation.

Any student who leaves school without permission from the office for any purpose or is not in an assigned area by the teacher will receive an unexcused absence.

Parents/guardians may not excuse a student for leaving the building if the office has not been notified prior to the student leaving.

We understand that some doctor's appointments must be done during the school day. A student must turn in a note from the doctor's office to the main office to consider it an excused absence.

MAKE-UP SLIPS - Each time a student has been absent from school a signed, written excuse by the parent or phone call from the parent or legal guardian to the high school office is required in order to verify the time missed. Students and parents have one week from absence to bring in a note or call the office. If no excuse is received, the absence becomes unexcused.

It is the responsibility of the student to complete missing work; the teacher is to assist you in getting the assignment, to offer help in understanding the work missed, and evaluate the work turned in for make-up. Students are encouraged to utilize the school's online tools - Infinite Campus and teachers' Google Sites to keep up to date on grades, missing work, and classroom assignments.

Along with this attendance policy, Sebeka Public Schools will also be working in partnership with the Wadena County Collaborative and Community Concern for Youth to coordinate services and programs to solve attendance issues and bring programs to those students and families in need of help. The intent of the following program is not to replace Sebeka Public School's policy on attendance but to work in conjunction with the established attendance policy of Sebeka Public School.

A SPECIAL NOTE TO 18-YEAR OLDS - August 1, 1974, a modification of the 18-year-old age of majority bill went into effect, which has been interpreted to mean that any student from ages 18 - 21 years of age is regulated by the same rules as a student under the age of 18 years.

“Notwithstanding the provisions of any law to the contrary, the conduct of all students under 21 years of age attending a public secondary school shall be governed by a single set of reasonable rules and regulations promulgated by the local Board of Education.” Minnesota Statutes Chapter 120A.20

Legally you are now an adult, which provides you with some new freedoms, but also demands that you fulfill the responsibility of following the rules and regulations of the school.

Sebeka Public School does not recognize the fact that 18-year-olds can write their own notes to be excused from school. Notes must be signed by a parent or legal guardian.

TARDIES/ABSENCES

Students are tardy if not in their assigned room when class begins. Students are allowed two tardies per quarter.

A. Unexcused Tardies:

1. An unexcused tardy is failing to be in an assigned area at the scheduled time without a valid excuse.

Examples of Excused Tardies: Teacher initiated delays, called to the office, visit the nurse, etc. With excused tardies, students should come with a pass from a staff member or the office.

2. Any unexcused tardy over 10 minutes of class time will be considered an unexcused absence.

B. Consequences of Tardiness:

1. On the third tardy the student will be given a verbal/written warning by administration. The following steps will take place should the student continue to be tardy to classes:

- 3rd tardy = verbal/written warning
- 4-5 tardies = lunch detention & may start losing points in class
- 6-8 tardies = after school detention
- 9+ tardies = ISS

2. Unexcused tardies will be treated as the equivalent of absences according to the following ratio: three (3) unexcused tardies per class period = one (1) unexcused absence for grades 7-12.

C. Consequences for Excessive Absenteeism:

1. The following will be used as the guideline for excessive student absenteeism:

- a. After four (4) accumulated, unexcused absences in a semester (which are non-school related), credit for the course may be denied. The administrator may begin proceedings for the loss of academic credit in the class or classes from which the student has been absent. Exceptions will be determined by the administration.

- b. The procedure for the loss of academic credit for a class or classes will include the following steps:

1. After two (2) unexcused absences from a class, the parents/guardians of the student will be notified by mail that their student has missed two (2) days and is in jeopardy of not receiving credit for that course.

2. If a student misses four (4) or more days, unexcused per semester, he/she may lose all credit for classes missed. When this happens, the student or his/her parents may petition the Principal in writing within three (3) days of the notification providing there are unusual circumstances. This petition may be referred to a Review Board for consideration. The Review Board will consist of one (1) School Board member, one (1) teacher appointed by the Principal, a parent, and the Principal.

3. The student is to stay in assigned classes until the appeal is processed and a decision is reached.

4. The exchange will be an hour for hour. The students may also attend on staff development days where arrangements have been made with either the teacher or administration.

5. Unexcused absences will be made up by assigned detention for each period missed. Refusal will result in ISS.

D. Truancy

1. Under Minnesota Statute 260A.02 Minnesota Public Schools send notice of continuing truancy if a child has missed three or more unexcused days of school if in elementary school, three or more class periods on three separate days if the child is in middle school, junior high, or high school. Students in high school are considered habitually truant if they miss one or more class periods on seven different days. Elementary students are habitually truant if seven school days are missed for an unexcused reason. A student whose parents expect him to be in school, but who does not attend for other lawful reasons is truant. This student will make up work missed and will be placed in after-school detention equal to the number of hours of school missed.

2. Students who have not attained their 17th birthday are required by the State Compulsory Attendance Law to be in school on a regular basis unless legally excused.

3. Any student 17 years old or older that withdraws from school may do so only under the following guidelines:

- Parents and students must meet with the Principal.
- A written letter must be presented to the Principal stating that the student is withdrawing from school.
- Alternative educational plans need to be discussed.

- Failure to follow this procedure will result in truancy being filed with the county.
4. Re-admittance after an absence:
- Immediately upon returning to school from an absence or tardiness the student will report to the Principal's Office and receive an absence slip or tardy slip prior to attending any classes.
 - Prior to obtaining an absence slip, the student must present a note to the Principal's Office showing (1) the date(s) of absence. (2) the specific reason for the absence. (3) student's name, and (4) parent's signature.

E. Excused Absences - Will make up all work missed.

- Illness of student
 - In case of illness for five (5) days or more in a quarter, a statement from the local health officer, nurse, or attending physician may be required. Attendance may then be reviewed by the school truancy officer and school administration.
 - The assumption is made that if a student is too ill to attend school, they are too ill to appear in public or attend school functions that day.
- Illness or death in the family.
- Impassable roads or weather making travel unsafe
- Required to be in court
- Medical or dental treatment that cannot be scheduled outside of school hours
- Work at home when essential to the family's welfare (Pre-Approval by Principal)
- Any absence that in the school administrator's opinion indicates educational value to the student and if there is prior notice and the work is made-up prior to the absence in the Junior-Senior High School. In the elementary school, the student must get assignments prior to leaving and make up the work during the absence if the Principal deems it best for the student.
- Religious holidays and special functions
- Special family trips (Pre-Approval by Principal)
- Post-secondary visitations (Maximum of two school days)

All other Absences will be deemed unexcused unless pre-approved by the Principal. The school has a right to verify any and all absences (The school will make the final determination if the absence is excused or unexcused).

Those students who accumulate an excessive amount of excused absences will design a plan with the Dean of Students or Principal to complete the work missed in order to retain credit and may be referred to the school's attendance program.

1. Students who do have an extensive list of excessive excused absences may be referred to the School Attendance Program (see below). When a student reaches eight (8) absences per semester, a doctor's note or proof of appointment will be required. If no note is provided, the absences will be marked as unexcused, unless approved by administration.
2. Students who have an extensive list of doctor and/or other appointments after (or before depending on student's history of attendance) will need to return to school with a signed doctor's note to verify the appointment.

SCHOOL ATTENDANCE PROGRAM (SAP)

1. PROCESS:

A. The high school office and Dean of Students review attendance on a daily basis. If a child is absent and the high school office has not been notified prior, the high school office will follow up with a telephone call to the parent/guardian at home or work notifying them of their child's absence from school. They will also be reminded of the importance of their child being in school on a daily basis.

B. Three (3) unexcused *periods* for high school and junior high school, and three *days* for elementary. When a child has three unexcused absences, the child is considered a continuing truant, which is not in violation of the law but warrants the school to begin an intervention process.

1. The Dean of Students or Principal will send a letter and a Wadena County School Attendance Mediation Program brochure (if the student resides in Wadena County) home to the parents/guardians. (required under MS 260A.03) A copy of the letter will also be sent to the residential county human services. This notice must contain the following information.

- that the child is truant;
- that a parent or guardian should notify the school if there is a valid excuse for the child's absences;
- that a parent or guardian is obligated to compel the child to attend school or face criminal prosecution under the compulsory school attendance law (MS 120A.34);
- that alternative programs and services may be available in the school district and that the parent or guardian has the right to meet with school officials to discuss possible solutions to the child's truancy;
- that the parent and child may be subject to court proceedings if attendance does not improve and that the child may face the loss of his or her driving privileges if the truancy continues (MS 260C.201); and

C. Five (5) unexcused *periods* for high school and junior high school, and *days* for elementary. When a child has five or more unexcused absences, they are considered continual truants and are in violation of MS 260A.03. High school students may also be denied credit for any course with four unexcused absences.

1. A letter will be sent home from the school and county indicating that the student is now heading towards being truant.
2. A mediation meeting will be scheduled with the county attorney, family, school, CCY and human services to discuss why absences are continuing and work to resolve those barriers

D. Seven (7) unexcused absences (full day or at least one class period on 7 different days) for high school and junior high and seven (7) days for elementary students. When a child exceeds 7 or more unexcused absences, they are considered habitual truants and are in violation of MS 260C.007, Subd. 19. A report will be made to the county human services and a Child Protective Service report will become involved. At this time a CHIPS petition may be filed and the student may have to appear in court

2. CASE MONITORING:

A. Reviews will be scheduled at the time of the contract meeting to include, county social worker, school officials, parents, and child. Reviews are scheduled every two weeks until the child's attendance improves. The length between reviews is subject to change depending on the child's progress.

B. Responsibility of the Dean of Students or Principal

- Check and review daily attendance of child;
- Meet with the child at school frequently (daily if possible) to begin with and decrease contact as the child's attendance and other related behavior improves;
- Meet with the child's teachers and explain that the child is involved in SAP. Inquire as to any special needs or classes that need attention;
- Accompany the child to class, as needed;
- Contact the child's parents at both home and/or work to inquire as to absences of the child;
- Document, in detail, all personal, telephone and collateral contacts made regarding the case

C. Child is discharged from SAP when the case is deemed successful or when the school official, or court has terminated the child's involvement in the program.

3. FAILURE TO PARTICIPATE IN SCHOOL ATTENDANCE PROGRAM:

If there is no improvement in attendance and other related behaviors, a truancy petition will be filed. This decision will be made jointly by school officials. A designated school official will send the following to the Wadena County Attorney's office:

1. Truancy request form;
2. Copy of the notice sent to parents (MS 260A.03) and the date it was sent;
3. All documentation of efforts made to intervene:
 - copy of all notices/letters to parents
 - list of detentions/suspensions and indicate why they were given
 - copy of child's attendance record

4. APPROPRIATE ACTION AND CONSEQUENCES:

The Wadena County Attorney's office may choose one or more of the following actions:

1. File Educational Neglect charges against the parent if it is determined that they are responsible for the child's absenteeism.
2. Refer back to school for additional efforts and documentation.
3. File a petition against the child for truancy.

5. PROBATION:

MS 260C.201, Subd.1 (b) states: If a child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

1. Counsel the child or the child's parents, guardian, or custodian;
2. Place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child
3. Subject to the court's supervision, transfer legal custody of the child to one of the following:
 - a. A reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or
 - b. A county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to MS 241.021;
4. Require the child to pay a fine of up to \$100. The court shall order payment of the fine in a manner that will not impose undue financial hardship upon the child;
5. Require the child to participate in a community service project;
6. Order the child to undergo a chemical dependency evaluation and if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;
7. If the court believes that it is in the best interests of the child and of public safety that the child's driver's license or instruction permit be canceled, the court may order the commissioner of public safety to cancel the child's license or permit for any period up to the child's 18th birthday. If the child does not have a driver's license or permit, the court may order a denial of driving privileges for any period up to the child's 18th birthday. The court shall forward an order issued under this clause to the commissioner, who shall cancel the license or permit or deny driving privileges without a hearing for the period specified by the court. At any time before the expiration of the period of cancellation or denial, the court may, for good cause, order the commissioner of public safety to allow the child to apply for a license or permit, and the commissioner shall so authorize;
8. Order that the child's parents or legal guardian deliver the child to school at the beginning of each school day for a period of time specified by the court; or
9. Require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

****PLEASE NOTE**** According to MS 260C.201, Subd. 1(c): If a child who is 14 years of age or older is adjudicated in need of protection or services because the child is a habitual truant and truancy procedures involving the child were previously dealt with by a school attendance review board or county attorney mediation program under section 260A.06 or 260A.07, the court shall order a cancellation or denial of driving privileges under paragraph (b), clause (7), for any period up to the child's 18th birthday.

VI. STUDENT DISCIPLINE

PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

GENERAL STATEMENT OF POLICY

Sebeka High School recognizes that individual responsibility and mutual respect are essential components of the educational process. Sebeka High School further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience.

- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

V. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school administrators. At a

minimum, violation of the school code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact; Parent conference; Removal from class; In-school suspension; Suspension from extracurricular activities; Detention or restriction of privileges; Loss of school privileges; In-school monitoring or revised class schedule; Referral to in-school support services; Referral to community resources or outside agency services; Financial restitution; Referral to police, other law enforcement agencies, or other appropriate authorities; A request for a petition to be filed in district court for juvenile delinquency adjudication; Out-of-school suspension under the Pupil Fair Dismissal Act; Preparation of an admission or readmission plan; Expulsion under the Pupil Fair Dismissal Act; Exclusion under the Pupil Fair Dismissal Act; and/or Other disciplinary action as deemed appropriate by the school district.

VI. REMOVAL OF STUDENTS FROM CLASS

- A. The classroom teacher shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
- 4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods per incident.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

VII. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property. A record of nonexclusionary interventions by teachers and administrators will be kept on record and sent to parents/guardians.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Disciplinary Dismissals Prohibited

1. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
2. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

- D. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section [121A.41, subdivision 10](#),

does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. Generally, a student assigned to in-school suspension spends the entire day in the designated ISS location, completing work submitted in advance by the student's teachers, while being monitored by school staff.

Students serving time in ISS are not permitted to have any technology devices available unless deemed appropriate by school staff. Students in ISS for a full day will have a regular lunchtime (though not with their peers) but will not be allowed to have food or beverage items except water with them per our school's food and pop policy.

OSS - SUSPENSION / EXPULSION

Occasionally it becomes necessary to suspend or expel a student from school. In this event, all procedures will be governed by [MSA 121A.40 – 121A.56](#), more commonly known as the Minnesota Pupil Fair Dismissal Act.

Under the provisions of this law, students may be suspended or expelled from school for any of the following reasons:

- Willful violation of any reasonable School Board regulation
- Willful conduct that materially and substantially disrupts the rights of others to an education.
- Willful conduct which endangers the student, other students or school property.

Students may be summarily suspended from school for one day by the principal. Students may be suspended for two to five days by the principal following a brief hearing in the office.

Expulsions may be imposed by the School Board upon recommendation by the Principal. Expulsions may be for the remainder of the school year or less and may occur after the School Board has held a hearing in accordance with the law.

A COPY OF THE MATRIX THAT DEFINES DISCIPLINARY PROCEDURES CAN BE FOUND AT THE BACK OF THE STUDENT HANDBOOK.

WEAPONS POLICY

All weapons and weapon replicas (toy guns, knives, etc.) should be kept at home. Should a student realize that such a toy or even a farm tool such as a pocket knife was accidentally brought to school, the student should immediately report to administration with the item and ask for “safe harbor” stating the reasoning why the item was inadvertently brought to school. Any student bringing a firearm to school will be automatically suspended for one calendar year per state law. Alternative placement for the student will be made.

In 1996, legislation was passed mandating one calendar year expulsion for any student bringing a firearm to school. Other weapons may draw a similar penalty. Civil action may also apply.

I. PURPOSE:

The purpose of this policy is to assure a safe school environment for students, staff and the public.

II. GENERAL STATEMENT OF POLICY:

No student or nonstudent, including adults and visitors, shall possess, use or distribute a weapon when in a school location.

III. DEFINITIONS:

Weapon:

1. A “weapon” means an object, device or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon.
2. No student shall possess, use or distribute any object, device or instrument having the appearance of a weapon and such objects, devices or instruments shall be treated as weapons including, but not limited to, weapons listed above which are broken or non-functional, look-alike guns; toy guns; and any object that is a facsimile of a real weapon.
3. No student shall use articles designed for other purposes (e.g. belts, combs, pencils, files, scissors, etc.), to inflict bodily harm and/or intimidate and such use will be treated as the possession and use of a weapon.

School Location:

“School Location” includes a school building, school grounds, school activities or trips, bus stops or school vehicles, school-contracted vehicles, the area of entrance or departure from school premises or events, and all school-related functions.

Possession:

“Possession” means having a weapon on one’s person or in an area subject to one’s control in a school location. A student who finds a weapon on the way to school or in the school building or a student who discovers that he or she accidentally has a weapon in his or her possession, and takes the weapon immediately to the Principal’s office shall not be considered to possess a weapon.

Consequences for Weapon Possession/Distribution:

The School District and the school take a position of “Zero Tolerance” in regard to the possession, use or distribution of weapons by students. Consequently, the minimum consequence for students possessing, using or distributing shall include:

1. Immediate out-of-school suspension;
2. Confiscation of the weapon;
3. Immediate notification of the police;
4. Parent or guardian notification; and
5. Recommendation to the Superintendent of dismissal for not to exceed one year.

Policy Application to Instructional Equipment/Tools:

While the School District and the school take a firm “Zero Tolerance” position on the possession, use, and distribution of weapons by students, such a position is not meant to interfere with instruction or the use of appropriate equipment and tools by students. Such equipment and tools, when properly possessed, used or stored, shall not be considered in violation of the rule against possession, use, and distribution of weapons by students. However, when authorized instructional and work equipment and tools are used in a potentially dangerous or threatening manner, such possession and use will be treated as the possession and use of a weapon.

Administrative Discretion:

While the School District and the school take a firm “Zero Tolerance” position on the possession, use and distribution of weapons by students, the Superintendent may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

BULLYING PROHIBITION POLICY**I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student’s ability to learn and/or a teacher’s ability to educate students in a safe environment. The school cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited
 1. on the school premises, at the school functions or activities, on the school transportation;
 2. by the use of electronic technology and communications on the school premises, during the

- school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
 - C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.
 - D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel. Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.
 - E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying
 - F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy
 - G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited
 - H. False accusations or reports of bullying against another student are prohibited.
 - I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school's policies and procedures, including the school's discipline policy. The school may take into account the following factors:
 1. The developmental ages and maturity levels of the parties involved;
 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 3. Past incidences or past or continuing patterns of behavior;
 4. The relationship between the parties involved; and
 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

A person may report conduct which may constitute harassment or violence anonymously. However, the school may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or Dean of Students of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

- D. The building principal, or Dean of Students (hereinafter the “building report taker”) is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.
- F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.
- G. The school board hereby designates David Kerkvliet, superintendent, as the school district human rights officer to receive reports or complaints of harassment or violence prohibited by this policy. If the complaint involves a human rights officer, the complaint shall be filed directly with the School Board Chair.
- H. The school district shall conspicuously post the name of the human rights officer(s), including mailing addresses and telephone numbers.

- N. False accusations or reports of violence or harassment against another person are prohibited.
- O. A person who engages in an act of violence or harassment, reprisal, retaliation, or false reporting of violence or harassment, or permits, condones, or tolerates violence or harassment shall be subject to discipline or other remedial responses for that act in accordance with the school district’s policies and procedures.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate violence or harassment or engage in an act of reprisal or intentional false reporting of violence or harassment may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of violence or harassment may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

V. INVESTIGATION

- A. By authority of the school district, the human rights officer, within three (3) days of the receipt of a report or complaint alleging harassment or violence prohibited by this policy, shall undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator
- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

- A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.
- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school will discipline or take appropriate action against any student, teacher, administrator, or other school personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not

limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

IX. HARASSMENT OR VIOLENCE AS ABUSE

- A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minn. Stat. § 626.556 may be applicable.

- B. This policy applies to sexual harassment that occurs within the school district’s education programs and activities. This policy does not apply to sexual harassment that occurs outside the scope of the school district’s education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district’s education programs or activities
- C. The school district’s Title IX Coordinator is Superintendent, David Kerkvliet. - D. The effective date of this policy is immediately upon adoption, and it applies to alleged violations of this policy occurring on or after August 14, 2020.

IV. DEFINITIONS

- A. “Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to the school district’s Title IX Coordinator or to any employee of the school district. This standard is not met when the only official of the school district with actual knowledge is the respondent.
- B. “Complainant” means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.
- C. “Day” or “days” means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).
- D. “Deliberately indifferent” means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.
- E. “Education program or activity” means locations, events, or circumstances over which the school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs, and includes school district education programs or activities that occur on or off of school district property.
- F. “Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.
 - 1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant’s physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint, and must be submitted to the Title IX Coordinator in person, by mail, or by email.
 - 2. A formal complaint shall state that, at the time of filing the formal complaint, the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.
 - 3. A parent or guardian of a child younger than 18 years old may file a formal complaint on behalf of their child.
- G. “Informal resolution” means options for resolving a formal complaint that do not involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.
- H. “Relevant questions” and “relevant evidence” are questions, documents, statements, physical items, or information that are related to the allegations raised in a formal complaint and have any tendency to make the allegations more or less likely to be true. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions or evidence about the

complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions or evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

- I. "Remedies" means actions designed to restore or preserve the complainant's equal access to education after a respondent is found responsible for sexual harassment. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.
- J. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.
- K. "Sexual harassment" means any of three types of misconduct on the basis of sex that occurs in a school district education program or activity and is committed against a person in the United States:
 - 1. *Quid pro quo* harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);
 - 2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or
 - 3. Any instance of sexual assault (as defined in the Clery Act, 20 U.S.C. §1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 U.S.C. §12291).
- L. "Supportive measures" means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minn. Stat. § 121A.41, as amended, mutual restrictions on contact between the parties, changes in work or school locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.
- M. "Title IX Personnel" means any person who addresses, works on, or assists with the school district's response to a report of sexual harassment or formal complaint, and includes persons who facilitate informal resolutions. The following are considered Title IX Personnel:
 - 1. "Title IX Coordinator" means an employee of the school district that is designated and authorized to coordinate the school district's efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administering the grievance process.
 - 2. "Investigator" means a person who investigates a formal complaint. The investigator of a formal complaint may not be the same person as the Title IX Coordinator, Decision-maker, or the Appellate Decision-maker in that formal complaint. The Investigator may be a school district employee, school district official, or a third party designated by the school district.
 - 3. "Decision-maker" means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker for a formal complaint cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker in that formal complaint. The Decision-maker may be an administrator, supervisor, or other individual qualified to determine and impose appropriate remedies if a determination of responsibility is made.
 - 4. "Appellate Decision-maker" means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker for a formal complaint cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker in that formal complaint. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.
 - 5. "Informal resolution facilitator" means a person who facilitates the informal resolution process if desired by the parties. The Informal resolution facilitator may be the Title IX

Coordinator, but may not be the Investigator, Decision-maker or Appellate Decision-maker in the formal complaint proposed for informal resolution.

6. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and Informal resolution facilitator, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy, including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and Informal resolution facilitator.

V. REPORTING PROHIBITED CONDUCT

- A. Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment should report the alleged acts as soon as possible to the Title IX Coordinator.
- B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.
- C. A report of unlawful sex discrimination or sexual harassment may be made at any time, including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.
- D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the school district may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

VI. RETALIATION PROHIBITED

- A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
- B. Any person may submit a report or formal complaint alleging retaliation to the Title IX Coordinator in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment.
- C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

VII. DISSEMINATION OF POLICY

- A. This policy shall be made available to all students, parents/guardians of students, school district employees, and employee unions.
- B. The school district shall conspicuously post the name of the Title IX Coordinator, including office address, telephone number, and work e-mail address on its website and in each handbook that it makes available to parents, employees, students, unions, or applicants.

- C. The school district must provide applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, employees, and all unions holding collective bargaining agreements with the school district, with the following:
 - 1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator;
 - 2. Notice that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner;
 - 3. A statement that the requirement not to discriminate in the education program or activity extends to admission and employment, and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both; and
 - 4. Notice of the school district's grievance procedures and grievance process referenced in this policy, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the school district will respond.

VIII. RECORDKEEPING

- A. The school district must create, and maintain for a period of seven calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the school district must document:
 - 1. The basis for the school district's conclusion that its response to the report or formal complaint was not deliberately indifferent;
 - 2. The measures the school district has taken that are designed to restore or preserve equal access to the school district's education program or activity; and
 - 3. If the school district does not provide a complainant with supportive measures, then it must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. Such a record must be maintained for a period of seven years.
 - 4. The documentation of certain bases or measures does not limit the school district in the future from providing additional explanations or detailing additional measures taken.
- B. The school district must also maintain for a period of seven calendar years records of:
 - 1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the school district's education program or activity;
 - 2. Any appeal and the result therefrom;
 - 3. Any informal resolution and the result therefrom; and
 - 4. All materials used to train Title IX Personnel.

E. District Limitation of Liability

The District makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Internet will be error-free or without defect. Access and utilization of the Internet will be at the user's own risk and this system is provided on an "as is, as available" basis. The District will not be responsible for any damage users may suffer, including but not limited to, loss of data or interruptions of service. The District is not responsible for the accuracy or quality of the information obtained through or stored on the Internet. The School District will not be responsible for financial obligations or other liabilities arising from the unauthorized use of the Internet.

By utilizing the internet, the user agrees that if the internet is used in an unauthorized manner, including incurring unauthorized financial obligations, the user shall release and indemnify the school district from all such obligations.

F. Personal Responsibility:

When you are using the Internet, it may seem as though you are anonymous and may easily break a rule and not be held accountable. This is not true. Whenever you do something on a network you leave "electronic footprints" illustrating where you have been, when you were there and what you have done. The School District has installed a monitoring utility on each PC in the district. This application maintains a detailed log of the locations the user has accessed on the internet. These log files record the URL, date and time accessed.

The fact that you can do something, or think you can do something without being held accountable does not make it right to break the rules. There is always one person who will know you have done wrong— that

person is you. Your use of the Internet is a mirror directly reflecting to you and the rest of the world the quality of the person you are.

G. 1:1 Chromebooks

Students in grades 9-12 will be issued a Chromebook and charger at the beginning of the school year. Each Chromebook is specifically assigned to that student and they are responsible for maintaining it in good condition. This means that the Chromebook must be charged at the beginning of each school day. Students will be held accountable for any damage to their Chromebook. This may include a fee for repairs or a replacement fine. Chromebooks and chargers will be collected at the end of the school year. If a student does not turn in a charger, they will be fined.

H. Due Process:

1. The District will cooperate fully with local, state, or federal officials in any investigation concerning to or relating to any illegal activities conducted through the Internet.
2. In the event there is an allegation that a student has violated the District's Acceptable Use Policy, disciplinary actions will be administered in accordance with the Student Acceptable Use Policy and the disciplinary code set forth in the Student Policy Handbook.
3. Disciplinary actions shall be appropriate for the specific concerns related to the violation, assisting the student in gaining the self-discipline necessary to behave appropriately on an electronic network. If the alleged violation also involves a violation of other provisions of the District Policy Manual, the violation will be handled in accord with the applicable provision of the stated policy.
4. Employee violations of the District's Acceptable Use Policy will be handled in accordance with the District Policy Manual and any applicable Collective Bargaining Agreements.
5. A student's right to free speech, as set forth in the District Policy Manual applies also to your communication on the Internet. The Internet is considered a limited forum, similar to the school newspaper, and therefore the District may restrict your speech for valid educational reasons. The District will not restrict your right to opinions unless they infringe on the rights of others.

I. Search and Seizure

1. System users have limited privacy in the contents of their personal files on the District network. By authorizing the use of the network, the school district does not relinquish control over materials on the system or contained in files on the system.
2. Routine maintenance and monitoring of the network may lead to the discovery that the user has or is violating the District's Acceptable Use Policy, the District Policy Manual, or the law.
3. An individual investigation or search will be conducted if there is reasonable suspicion indicating probable cause that a user has violated the law or the District Policy Manual. The nature of the investigation will be reasonable and in the context of the nature of the alleged violation.
4. Data, materials or files stored and maintained on the network by District employees, guest users and students may be subject to review, disclosure or discovery under the Minnesota Government Data Practices Act. A parent or guardian has the right, at any time, to request to see the contents of their student's email files.
5. The School District will fully cooperate with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the network.

J. Copyright and Plagiarism:

1. Policies on plagiarism will govern the use of material accessed through the internet.
2. Teachers will instruct students in appropriate research and citation practices.

K. Academic Freedom, Selection of Material, Rights to Free Speech

1. District policies on copyright will govern the use of material accessed through the internet. Because the extent of copyright protection of certain works found on the Internet is unclear, employees will make a standard practice of requesting permission from the holder of the work if their use of the material has the potential of being considered an infringement. Teachers will instruct students to respect copyright and to request permission when appropriate.
2. District policies on Academic Freedom and Free Speech will govern the use of the Internet.

3. When using the Internet for class activities, teachers will select age-appropriate material that is relevant to the course objectives. Teachers will preview the materials and sites they require students to access to determine the appropriateness of the material contained on or accessed through the site. Teachers will provide guidelines and lists of resources to assist their students in activities effectively and properly. Teachers will assist their students in developing the skills to discern the accuracy and truthfulness of information, distinguish fact from opinion, and engage in discussions about controversial issues while demonstrating tolerance and respect for those who hold divergent views.
4. A student's right to free speech, as set forth in the District Policy Manual also applies to communication on the Internet. The network is considered a limited forum, similar to the school newspaper, and therefore the District may restrict your speech for valid educational reasons. The District will not restrict your right to opinions unless they infringe on the rights of others.

L. District Website

The websites hosted on the School District WWW and E-Mail server are a limited public forum. Students and staff involved in the development and maintenance of this website, related pages and links are prohibited from publishing matters or materials that are obscene, libelous, slanderous, that promote or advertise products or services which are not permitted for minors, which encourage students to commit illegal acts or which disrupt the orderly operation of the school or school activities, or which express or advocate sexual, racial or religious harassment, violence or prejudice.

2. **School or Class Web Pages** - Schools and classes may establish Webpages that present information about the school or class activities. The building principal will designate an individual to be responsible for managing the school website. Teachers will be responsible for maintaining their class site.
3. **Student Web Pages** - With the approval of the Technology Coordinator, students may contribute material to the district web page. The principal will establish a process and criteria for the development and posting of material, including pointers to other sites, on these pages. Material presented on the student's website must be related to the student's educational and career preparation activities.
4. **Extracurricular Organization Web Pages** - With the approval of the Technology Coordinator, extracurricular organizations may establish web pages. The Technology Coordinator will establish a process and criteria for the development and posting of material, including pointers to other sites, on these pages. Material presented on the organization webpage must relate specifically to organization activities and will include student-produced material. Organization web pages must include the following notice: "This is a student extracurricular organization web page. Opinions expressed on this page shall not be attributed to the District."

1. Users will not attempt to gain unauthorized access to the network or to any other computer system through the network or go beyond their authorized access. This includes attempting to log in through another person's account or access another person's files, even if only for the purposes of "browsing".
2. Users will not make deliberate attempts to disrupt their computer or the network system performance by changing or destroying data or knowingly propagating computer viruses.
3. Users will not use the network to engage in any other illegal act, including but not limited to such activities as arranging for the sale of drugs or the purchase of alcohol and tobacco, engaging in criminal gang activity, threatening the safety or well-being of another person, the school property and activities held within the district.

1. Users will immediately notify the Technology Coordinator if they have identified a possible security problem. Users WILL NOT hunt for or browse the network for security problems. These actions are prohibited.
2. Users will not download software applications, new desktop wallpaper, unauthorized audio or video clips or any inappropriate materials that may compromise the reliability or normal function of their machine or the network. Students will not, for any reason, turn off the power or interrupt the power service to any machine in the District. D. Inappropriate Language

1. Restrictions against inappropriate language apply to public messages, private messages, and material posted on Web pages.

E. Respecting Resource Limits

1. Users will utilize the network only for educational and professional or career development activities. Users will not use the internet to access, review, upload, download, store, print, post or distribute materials that use language or images that are inappropriate in an educational context or that are not central to the educational process and will not post information or materials that could cause damage or danger of disruption to the network system.
2. Users will not download large files unless absolutely necessary. When necessity dictates, users shall contact the Technology Coordinator or Course Instructor who will download the file at a time when the network is not being heavily used and immediately remove the file from a network computer to their personal computer.

3. Do not print directly from the Web. Please “cut & paste” relevant research and excerpts to a word processor before printing.

F. Plagiarism and Copyright Infringement

1. Users will not plagiarize works that they find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were original to the user.
2. Users will respect the rights of copyright owners. Copyright infringement occurs when an individual inappropriately reproduces a work that is protected by copyright. If a work contains language that specifies acceptable use of that work, the user should follow the expressed requirements. Reviewing, uploading, storing, printing, posting or distributing such materials on or through the network is strictly prohibited. If any user inadvertently accesses inappropriate materials they should make the Technology Coordinator aware of the instance. This will protect users against an allegation that they have intentionally violated the Acceptable Use Policy and allow for system monitoring and the expedient removal of the inappropriate material. A special exception may be made for hate literature if the purpose of a student’s access is to conduct constructive research and both the teacher and parent have approved.
2. Users will not use the network for the conduct of business, for unauthorized commercial purposes or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods and/or services or for product advertisements.
3. Users will not use the internet to purchase goods or services for personal use without authorization from the District Superintendent.

SOCIAL NETWORKING SITES

As a student at Sebeka High School, you are expected to follow student handbook guidelines, even though an event may happen off school property or after school hours. Social network sites, other digital platforms (including cell phones) and distribution mechanisms that facilitate students communicating with other students are considered “Social Networking” platforms. Participation in such networks has both positive appeal and potentially negative consequences. It is important that the Sebeka students be aware of these consequences and exercise appropriate caution if they choose to participate.

Students are not restricted from using any online social network sites and/or digital platforms. However, users must understand that any content they make public via online social networks or digital platforms is expected to follow acceptable social behaviors and also to comply with federal, state and local laws, as well as your Student Handbook. As a Sebeka student, you must be aware of your Student Handbook regulations and expectations of our said extracurricular programs. Ignorance of these regulations does not excuse students from adhering to them.

Teachers and staff members will closely monitor the use of technology by students throughout the school day.

Guidelines for Students:

These guidelines are intended to provide a framework for students to conduct themselves safely and responsibly in an online environment. As a student at Sebeka School you should:

- Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such as full date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Social Media sites provide numerous privacy settings for the information contained

in its pages. Use these settings to protect private information. However, once posted, remember the information becomes the property of the website and public record.

- Be aware that community members, family, and potential current and future employers and college admissions offices often access the information you place on an online social networking site. You should think about any information you post on sites or similar directories that potentially portrays an image of you to a prospective employer or school. The information is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.
- Be careful in responding to unsolicited emails asking for passwords or PIN numbers. Reputable businesses do not ask for this information in emails.
- Don't have a false sense of security about your rights to freedom of speech when using Social Media. Understand that freedom of speech is not unlimited. Online social network sites are NOT a place where you can say and do whatever you want without repercussions or personal accountability.
- Remember photos once put on the social network site's server become their property and public record. You may delete the photo from your profile but it still stays on their server. Internet search engines like "Google" or "Yahoo" may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you.
- Whoever is the "adult" (over 18) responsible for the contracts, computers, phone lines, etc... is liable for your actions as a minor as well.

Things students should avoid:

- Derogatory language or remarks about our students, teammates, school personnel and our community at-large; as well as, teachers, or coaches; student-athletes, administrators or representatives of other schools.
- Demeaning statements about or threats to any third party- (including support of demeaning statements and threats.) Don't respond to these.
- Distribution and possession of unauthorized videos and photos or statements depicting violence; hazing; sexual harassment and content; vandalism, stalking; underage drinking, selling, possessing, or using controlled substances; or any other inappropriate behaviors.
- Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.
- Indicating knowledge of unreported felonies, crimes, thefts or damage to property or unethical behavior.
- Indicating knowledge of an unreported school or team violation—regardless if the violation was unintentional or intentional.

One of the biggest lessons social network users can learn is that *anything* you post online enters the public record. You never know who may be looking and when.

Students, Parents, and Guardians let it be known that any students in violation of said conduct is subject to consequences to be determined by the Administration, Principal and/or Dean of Students. Social Networking violations/consequences may follow under two categories: general violation and serious violation.

SOCIAL MEDIA - GENERAL VIOLATIONS

Steps to be taken for general violations:

1st Offense: Student warned and/or removed from the computer. Parent/Guardian notified by instructional staff.

2nd Offense: Student warned and/or removed from the computer. Instructional staff notifies parents and administration. The student is suspended from network use for a period of time at the discretion of the Administrator. The administrator works with the Tech Director to suspend student access to the account. Parents notified by the administration. Consequences may include probation of computer use for a specified time frame.

3rd Offense: Referral to Administration for appropriate action.

SOCIAL MEDIA - SERIOUS VIOLATIONS

Consequences for serious violations - Serious violations are reported directly to an Administrator by teacher or staff through the referral process.

Appropriate action may include:

- Parent contact
- Network privileges revoked immediately
- Detention
- In School Suspension

- Suspension with possible recommendation for expulsion and network privileges revoked
- Criminal charges pending investigation by school administration

The Minnesota State High School League Student Code of Responsibilities, Bylaw 206.00, is applicable and relevant in all student-related issues and concerns in such matters.

HAZING PROHIBITION

Sebeka Public School forbids any type of hazing in regard to students and staff. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times. “Hazing” means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose.

Reporting procedures and investigation will be consistent with procedures regarding sexual harassment. Upon completion of the investigation, the school district will take appropriate action. Such action may include but not limited to; warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge.

VII. ATHLETIC ELIGIBILITY REGULATIONS & POLICIES

EXTRACURRICULAR ELIGIBILITY POLICY

The purpose of this policy is to encourage a student’s commitment to his or her education at Sebeka School. Students will be held accountable for their academic progress, citizenship, and attendance.

I. Eligibility Policy:

A. School Attendance

All participants must be in attendance a ½ day of school to be eligible to participate or practice in activity during that day. Students are expected to be in school all day the day after an event or contest. Any exceptions will be by the coach’s authority with the Activities Director or Principal’s approval. Unexcused tardies during the first period and the periods following noon hour are considered as not being in attendance all day.

The following exceptions to this rule:

1. Prior approval from the Principal, Dean of Students or Activities Director; or
2. Emergency absences

The Principal, Dean of Students or Activities Director will determine whether or not the athlete is excused. If an athlete has missed part or all of the school day and still participates in practice or an event, and later it is found that the athlete participated, that athlete will:

1. If the student participated in practice, they will miss the next practice or event, whichever comes first.
2. If they participated in an event, they will miss the next event.

B. Academic Eligibility:

1. Students must be making satisfactory progress toward graduation.
2. If a student receives a failing grade on a quarter class, he/she is ineligible to participate for two school weeks commencing with the day report cards are issued and they must be passing in the course to become eligible following the 2 weeks. If a student receives a failing grade in a quarter class he/she is ineligible to participate for 2 school weeks. The teacher will identify failures within 2 school days of the end of the quarter.
3. If a student receives an incomplete on their report card, he/she is ineligible to participate until the incomplete becomes a passing grade.
4. Due to the inconsistency of the grading for students who are taking online college classes, it will be at the discretion of the Principal to determine if a college student is ineligible.
5. Sebeka Schools recognizes that studies consistently show participation in band and/or choir to be beneficial to a student's academic performance in all subjects. Sebeka Schools also recognizes that

unlike sporting events, a substitute cannot take the place of a student in an instrumental or vocal contest due to the specific preparation needed for each individual part. Therefore, when one student is not able to compete, it becomes a detriment to the entire ensemble.

For these reasons, students involved in band or choir will not be deemed ineligible to participate in band or choir competitions due to academic performance in other subjects, provided they complete the following:

- A student with an incomplete or failing grade must give a written description of their situation regarding each failing grade or incomplete, along with their written strategy for resolving the issue. This form must be signed by the student, a parent, the instructor in the failing class as well as by the band director and turned in to the principal prior to the date of the competition.

C. Restricted/Ineligibility List - GRADE CHECKS:

The restricted list will fall into two categories:

1. Students failing classes – Students failing classes will not be able to participate in activities while on the failing list. This will be assessed at midterm and again between the 6th & 7th weeks of the quarter. Ineligibility will go into effect the day that the list is shared with the Activities Director, Dean of Students, administration, and staff. Students will be ineligible to participate until a passing grade is attained and verified during the course of a grading period; however, any student who has a failing grade at the end of the quarter will be ineligible for a period of two weeks.
2. Students behind in their work – Students behind in their work are notified as a reminder they need to get work in on time or their grade will result in a failing grade. Students behind in their work will be able to participate in activities. Students behind in their work will be assigned to after-school support, and in some cases, may miss their extracurricular activity practice.

D. Citizenship Eligibility:

1. Students with delinquent detention will not be allowed to play or practice.
2. Students will be considered delinquent in detention if they do not serve detention on the assigned date unless satisfactory arrangements have been made between parents and Principal.
3. Non-competitive presentations, displays or events are not covered by this policy. Examples: Concerts, Art Shows, All-School Plays, FFA Banquet, intrasquad games.
4. Coach/Advisor policies will govern.

E. Drug and Alcohol Violations

Follow the MSHSL penalties for Category I, II, and III activities. Athletes must report to practice every day or drop the sport during the period of ineligibility.

This is a wonderful reputation to have in our area and in our state. This is to be respected by spectators as well as participants. Let us carry on with this tradition in good sportsmanship and always conduct ourselves as ladies and gentlemen.

4. Excused absences are at the discretion of the Principal.

Definition: The term "Good Standing" shall mean that the student is eligible under all of the conditions and eligibility requirements of that school as well as the eligibility requirements of the Minnesota State High School League.

These activities include but are not limited to BPA, SkillsUSA, FFA, FCCLA, public performances in music, pep band, school plays, National Honor Society banquets, awards programs, homecoming royalty and other homecoming activities. (Graduation is exempt from this policy for seniors). If, however, the school sponsored activity is grade-related, an exception may be made if the consequence takes place during the violation timeframe.

FIRST VIOLATION-CATEGORY III EVENTS:

Penalty: Ineligible to participate in any of the above activities for two (2) school weeks (minimum of one event) after confirmation of the violation.

Before being readmitted to activities following suspension for the first violation, the student must meet with the school chemical counselor, or team for assessment and receive information about the effects of mood-altering chemicals.

SECOND VIOLATION-CATEGORY III EVENTS:

Penalty: Ineligible to participate in any of the above activities for four (4) school weeks after confirmation of the violation.

Before being readmitted to activities following suspension for the second violation, the student must show evidence in writing that she/he has sought and received counseling from a community agency or professional individuals such as a drug counselor, medical doctor, psychiatrist or psychologist.

If a student is involved in Category I, II and III activities, the student must meet the consequences of all three categories. Once the student meets the consequences in a specific category, they will be allowed to participate in that category only.

A student cannot elect to participate in an activity as a means to shorten the time he/she misses as a result of a violation. If a sports season has started and the student has not registered for the sport, they cannot then go out for the sport in an attempt to shorten the penalty for another sport.

A student shall be disqualified from all activities for an additional nine weeks beyond the student's original period of ineligibility when the student denies violation of the rule, is allowed to participate and then is subsequently found guilty of the violation. If a student participates in an activity while they are ineligible, the length of the penalty shall begin anew the next day.
